[Announcer]: Everyday, desperate liberals make up a steady drip of attacks

against Judge Samuel Alito. Want the truth? Respected Supreme Court analyst,

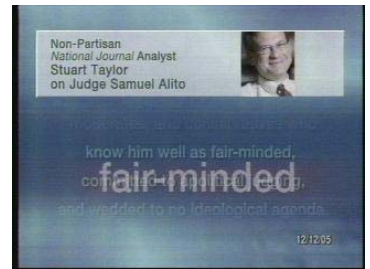

Judge Samuel Alito
 Stuart Taylor of the non-partisan National Journal,

Alito (quote)'is widely admired by liberals, moderates, and conservatives

who know him well as fair-minded, committed to apolitical judging,

and weather to no ideological agenda other than restraint and

the excercise of judicial power'(end quote). Confirm Judge Samuel Alito.
