[Announcer]: Your private conversations. Your personal decisions.

If you don't want more government interference, you don't want Samuel Alito

in the Supreme Court. An independent analysis found that "Alito often goes out of his way

to narrow the scope of individual rights" [Text: Knight Ridder News, 12/2/2005].

He supported making it easier for government officials to get away with

illegal wiretapping. Alito even voted to uphold the strip-search of a 10-year old girl.

Your rights. Your privacy. Can Samuel Alito be trusted to protect them?
