[Announcer]: The Supreme Court is supposed to be the people's court, but now big business

lobbyists boast they're going to take control of your Supreme Court.

If you like four dollar gas, or the way your insurance company

treated you after Katrina, you'll love the judge they picked for you.

Judge Roland Belsome has a different idea. He thinks that

the Supreme Court should belong to the people, and he's fighting the

special interest groups and politicians for an independent Supreme Court. It's your fight too.
