[Announcer]: Our courts should be tough on sex predators.

A sex predator uses the internet to meet a 13-year-old girl for sex.

Wine coolers and sex items in hand, he's caught and convicted by a jury.

But Judge Diane Hathaway's sentence could have freed him

after only six months. The prosecutor calls Judge Hathaway's sentence

low given the predatory nature of the crime. Hathaway.

Dangerous rulings. Log on. Tell Diane Hathaway don't give sex predators low sentences.
