[Linda Yanez]: "In an ideal world, our courts would be free of politics."

But today, Republicans control all nine seats on the Texas Supreme Court.

More often than not, they issue unanimous opinions,

siding with insurance companies over 85 percent of the time.

I'm Justice Linda Yanez. There are two sides to every argument. That's why

I'm offering myself for our state's highest court. The only way

to guarantee fairness is when the scales of justice are balanced."
