[Announcer]: There is a crisis here at home. Doctors are leaving

and our families are in danger. Gordon Maag serves on the board of one of the

country's most prominent children's hospitals. Working to provide thousands of sick

with free medical care. Maag has helped doctors fight frivolous lawsuits

that are driving up the price of health care and forcing doctors to leave our

state. [Maag]: "I believe doctors should spend their

time caring for children. I'm Gordon Maag and I'm running for the Illinois

Supreme Court."
