[Richardson]: "I'm Samac Richardson, I'm running for the Supreme Court, because

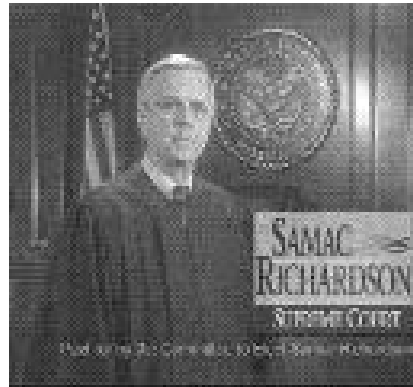

I'm tired of our judicial system's image being tarnished. I think

our state's best days are ahead of us, and that the good and bad of our past can help

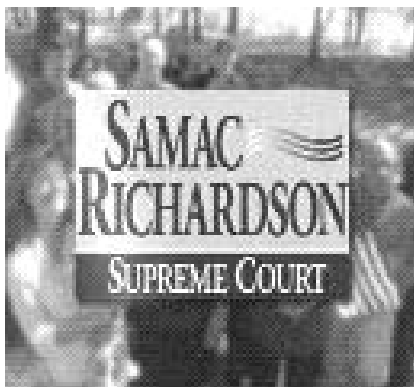

us create a better world for all our children. If you think there is still

a place in politics for a quiet man, who seeks God's guidance in making every decision effecting

the lives of others. Then you're one of us, and I need your vote on November 2."

[Announcer]: Elect Samac Richardson to the State Supreme Court.
