[Announcer]: Everyday, the big corporations tell

another lie about Warren McGraw. The facts: Justice McGraw

never voted to release Arbaugh from prison, and never

voted to put him to work in a school. [McGraw]: "The big

money people will say anything to take control of our Supreme Court.

I'm Warren McGraw, and I won't stoop to their level. God has

blessed me with six wonderful grandchildren. They are the most

important thing in my life. I would never do anything to endanger a child."

[Announcer]: Justice Warren McGraw puts West Virginia first. [PFB]: McGraw 4 Supreme Court
