Jim Rowe on Future Generations

[Rowe]: "The outcome of this Supreme Court race is going to shape the direction of this state for generations to

Responsibility

come. I'm the proud father of two children

and I have to ask a question, is there a future for my children here in

West Virginia. Just as one person can

make an entire system unjust, one person can make a difference

and restore fairness and impartiality

and integrity to the system, and I'm the person who can do that." [PFB: Committee to Elect Judge Jim Rowe]
