Subject: IMPORTANT>>>Voyager Labs trial starting next week (logistics & info inside)>>>Please read (Part 1 of 2)

Hello great folks of LAPD!!!!

My name is Scott McAndrews and I am the Sales Director handling your upcoming Voyager trial. I have met the vast majority of you already, however I just wanted to send out a quick email regarding the logistics of the trial/training starting next week (i.e. Day 1 is Wednesday, July 17th, 2019).

J1320

We are looking forward to our one-day session from **10AM - 5PM on Wednesday, July 17**. We plan to supplement training with desk-site visits to HQ and South Bureau on **Thursday, July 18 from 9AM to noon** by our analyst teams for desk-side support to ensure all pilot users are up and running.

As was discussed with Det. Kouri & Rebecca on our call last week, we will continue the once-weekly desk-side support sessions at both locations for the duration of the four month pilot, and are happy to offer additional support available to users on an as-needed basis as well. We also understand some users are on vacation this week and will be joining the pilot in August. We look forward to working with them when they return, refreshed and ready to learn.

To ensure we make the most of our limited training time which will be highly interactive and hands-on, we request that you each provide 2-5 total social media urls from our covered platforms (ie Facebook, Twitter, Instagram, VK, LinkedIn). Those URLs should be part of your real investigation work, making the training an actual working session where you come out with completed work. We need these URLs as soon as possible so we can prepare them in the system. Please provide them to Rebecca Nagy and/or Det. Kouri who will be expecting them.

I will be sending an email on behalf of Autumn Francois right after this (i.e. Part 2 email labeled **URL "How to" retrieval"**) with more detail and instructions on how to retrieve social media profile urls (in case folks need some guidance) and we're happy to assist folks with the process if anyone is interested.

Also, if anyone has any Facebook warrants (e.g. Kevan) that you want to analyze in VoyagerAnalytics, the sooner we receive those the better. Please note, if you have a warrant larger than 1 or 2 GB for this training, please let us know so that we can help.

Lastly, I have provided a Voyager Labs contact information for everyone's review.

Please let us know if you have any questions. **We are very excited to work with your talented teams. Thanks so much for allowing us the opportunity to work with you guys.** Have a great day!

Best regards,

Scott McAndrews

Greetings and Happy Holidays Yulia!

Question... Are we still able to access our prior searches still? I've tried the link to <https://va-bruins.voyager-analytics.com/>, but the site will not load. I receive an error message.

I'm not sure if it's my computer or if the link is now expired since the trial is over. I thought we'd have continued access per the email below.

Thank you.

Hi all,

Please note that Monday, Nov. 18th will be the last day to input new queries or documents into Voyager. Starting on Tuesday, your existing data will still be viewable/analyzable using the same URL/credentials. Please let me know if you have any questions!

Best,

Hi all,

Thank you for participating in this trial run of Voyager Analytics! Just a reminder, that this coming week (Nov. 11-18th) is the last week of our trial with you.

Please look for an email in the coming few days detailing the next steps and the handling of the data that has been collected into Voyager. Thank you!

Best,
