Subject: RE: ABTShield Pulse reports

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Hello [REDACTED],

You should already have received newsletters and since today you will get them every morning at 8PST. We managed to incorporate some of your comments:
Re. 4: As agreed, you will get all 3 reports (English language tweets, LA specific tweets and tweets sent from LA area - all filtered by agreed subjects). The biggest report contains 10K tweets with higher reach per subject. Without this limit it gets so big that the emailing system can't handle it. I hope that's ok for you.
Re. 5: We added Twitter accounts you listed and their tweets are listed in „Special Handles section”.
Re. 7: We filtered out „[REDACTED]” account tweets from reports.

Early next week, we will come back with Searching Dashboards and some more improvements.
Let us know if you have any suggestions or comments.

Best regards
Lech

Hi Lech,

Received, thank you. Responses below in bold...

1) Please take a look at collected data - especially included tweets - and let us know if it works fine. Please be aware that we cannot filter out all irrelevant messages. We update queries daily to get a reasonable dataset, but there is still a significant amount of unrelated stuff. We may also miss some Tweets or articles - if you find subjects we are missing, please let us know, so we will be able to improve our queries.

2) What is the best time for you to get these newsletters? We recommend you every morning at 8AM your time.

8am PST is perfect.

3) Would you like to get the access to searching Dashboard?

If you feel it would be a benefit, sure.

4) Would you like to get all 3 dataset reports or we should exclude some?

Yes please, I'd like to see all 3.

5) Do you have any Twitter accounts, you would like to monitor closely?

[REDACTED]

6) Are sub-topics definitions ok?

Yes, looks good.

7) Is there anything we missed here?

I know we won't be able to filter out everything, but is there a way to filter out [REDACTED] ? [REDACTED]

I hope you will find our system informative and useful as possible, that's why if you see any areas of improvement - please let us know!

Thanks again!

V/R,
