Good Afternoon All,

We just learned a few minutes ago that there is a social media movement calling for protests/looting of Target stores all across the country in response to the in-custody death of George Floyd in Minnesota (Target HQ is based in Minneapolis, MN). I just spoke with the D.C. regional security manager for Target and they are aware of planned protests in Prince George's County and D.C. Additionally, [REDACTED] from VSP just sent a Twitter posting of a potential protest/looting at the Target in Woodbridge, VA. I wanted to get this information out to everyone ASAP so you can notify your patrol districts of these events for their awareness. If anyone does have an incident in their AOR, I would appreciate it if you would email me so I can make sure the group is notified.

Thank you,

FYSA We found information on social media regarding an emergency protest today at 6:30pm at the Columbia Heights Civil Plaza, 2.4 miles away from the U.S. Chamber of Commerce. Google Maps estimates the distance is a 48 minute walk or 14 minute drive. The protest does not specifically mention the Chamber; it was organized to condemn the actions of the Wisconsin Police Department over the shooting of Jacob Blake and for Treyford Pellerin, who was shot and killed by Metropolitan Police Department officers in Washington D.C.

Good Afternoon All,

We just learned a few minutes ago that there is a social media movement calling for protests/looting of Target stores all across the country in response to the in-custody death of George Floyd in Minnesota (Target HQ is based in Minneapolis, MN). I just spoke with the D.C. regional security manager for Target and they are aware of planned protests in Prince George's County and D.C. Additionally, Ben Tyler from

VSP just sent a Twitter posting of a potential protest/looting at the Target in Woodbridge, VA. I wanted to get this information out to everyone ASAP so you can notify your patrol districts of these events for their awareness. If anyone does have an incident in their AOR, I would appreciate it if you would email me so I can make sure the group is notified.

Thank you,

Hopefully, we will have peaceful protests again tonight. Looks like scattered t-storms between 1800 and 2000 hrs tonight. Maybe that will help keep down crowds. I will be looking all day and send out whatever I find.

Subject: George Floyd Protests

Good Evening All,

I hate to bother you all so late in the night but I wanted to say thank you all for your diligence in sending out information about protests in D.C. regarding the George Floyd in-custody death in Minneapolis. As I'm sure everyone is aware, the violence is escalating rapidly across the U.S. NYC made over 40 arrests today and had multiple NYPD officers injured from these protests, Minneapolis just had a second police precinct overrun and destroyed, and there was a shooting at a Denver protest. That is only a few of the incidents across the country.

Today we had a small group of about 20 protesters start off at Freedom Plaza and march around the city but they were peaceful. The organizer has posted on social media that they will be back again tomorrow afternoon at 1700 hours at 14th and U Streets NW. I would appreciate it if everyone could keep checking social media for any pop up demonstrations and send them to this group for everyone's awareness. So far we are tracking the following protests coming up within the next few days, courtesy of USPP Sergeant Varanelli:

Copy. You're still getting a decent amount of social media communication that people are coming to join the protest. Not huge numbers, but more than we normally see.

Hi [REDACTED]

Thank you for flagging the alert below. I will route this feedback to my product team for review. At first glance, it looks like the end user is sharing their physical location of Washington DC - which is a key indicator for our AI to pick up on when geo-tagging.

As for the upcoming January 6th event, I will be sure to follow up with my product team to make sure they are tracking on the potential for public safety incidents.. Please keep in mind, we cannot alert on the planning or scheduling of protests or demonstrations. We can alert on public safety concerns relating to these types of events. This is a big part of the terms and conditions we must follow and adhere to with our social media partners and this is also part of the terms and conditions in the contract between DC and Dataminr.

If you have any questions or additional feedback, please let me know.

Thanks so much!

Amy

Hi Amy,

I hope you are having a good weekend. Please see below FirstAlert. This is another bad geocoded event. We believe this took place in Baltimore, MD, but it definitely was not DC.

On a side note, we are seeing a lot of social media chatter about a big January 6th protest in DC. Unfortunately, we discovered it manually before FirstAlert picked it up. Since this event is tied directly to the November 14th and December 12th events that turned violent, any additional filters or triggers you can implement to locate more information on this event would be very helpful. Please let me know if a telephone conversation would be helpful in setting these up.

Good Morning Amy,

I understand completely that you cannot alert on planning or scheduling of First Amendment demonstrations. We are more concerned with the threats of "armed protests" and people planning on bringing firearms to the District of Columbia on January 6th (or the rest of January for that matter).

Thanks again,

When Every Second Counts: The Recovery of Baby Jiraiya

December 15, 2022

2:00 PM ET

In February 2021, Baby Jiraiya, a 3-month-old child, was abducted from his home in Newport News, Virginia, setting off a statewide search to locate him. With little initial information, investigators began working to identify the suspect and bring Baby Jiraiya home safely. Investigators relied on data to help navigate this case as it revealed catfishing and extensive use of social media. The use of call detail record and geolocation analytics in Accurint® TraX™ revealed the power data can lend to an investigation.

Join us for this real-life case example displaying how our products, solutions and services can help take your investigation to the next level when every second counts.

Good Morning All,

Please see below information on some social media profiles that have been reporting on the events in Lafayette Park/BLM Plaza, courtesy of US Secret Service. Additionally, we have found a few Twitter handles that have been live streaming:

Subject: Twitter Profiles of Interest For the Protests/Riots

For situational awareness I am sending you a couple of Twitter Profiles I came across while searching for videos of the civil disobedience that were taking place in Lafayette Park. The most interesting of the group being DC_oracle @oracle_dc which provides public maps with information on safe zones. The profile bio requests that people "please DM with intel or if you need urgent help." This profile provides information on law enforcement presence as well as potential egress routes for protesters. The profile was created in June of 2020, currently has 3,585 Followers and has made 874 tweets/retweets. Screenshots attached for your review.

The second twitter handle of interest, Abolish The Police @alloutdc202, claims to be a collective of DC anti-fascist activists. The profile has 2,450 followers. I am attaching a screenshot of some posts of interest. I've done a brief skim of the profile and have not come across any posts inciting violence or any threats towards any USSS protectees/facilities. The profile has posted/retweeted timely updates on the situation in Lafayette Park and earlier today encouraged people to show up to Lafayette Park to help hold the line for the Black House Autonomous Zone (BHAZ).

The following Twitter profiles post and retweet similar posts as mentioned above:

- 1.) FreedomFightersDC, @FFD2020, 11.6 K Followers
- 2.) BlackLivesMatter DC, @DMVBlackLives, 64.4 K Followers

Respectfully,

Good Afternoon,

I am forwarding this email per [REDACTED] out of office reply. I am trying to determine if there is any intel on the group or groups planning to protest in DuPont on Saturday. Specifically, I am trying to find out if there is any indication they

may travel away from their permitted area and possibly make their way to the DC federal courthouse, as the protest is in solidarity with the Portland protests involving the federal courthouse in that city. Thank you very much for any assistance you can provide.

Good Afternoon,

I was wondering if you are tracking the protests set for Saturday in DuPont Circle by the PNW Youth Liberation Front? The protests states it is in solidarity with the Portland protests, so I am trying to determine if there is any intel that the group may make their way to either the Superior Court or DC District Court, as the Portland protests largely involve the federal courthouse. As always, I appreciate any info you may be able to provide regarding this event. Thanks again for all your help.

Good afternoon,

Our open source group found this for today. I'm having an office go to the embassy to check if they arrived yet.

Thank you

On 07/27/20 from 2:00 PM to 7:00 PM the groups [Kabattan Alliance \(NRID\)](#), [Migrante \(NRID\)](#), [GABRIELA \(RID\)](#), [Katarungan \(NRID\)](#), [Anakbayan \(NRID\)](#), [Malaya Movement \(RID\)](#), and [Bayan USA \(RID\)](#) will host a demonstration called, "The People's State of the Nation Address – Washington, DC." The group plans to march and have a car caravan from Howard University Hospital to the Philippine Embassy. The purpose of the demonstration is to "Resist the US-Duterte Virus, Fight State Terrorism!" There was no indication of civil disobedience. According to Facebook **58** are going and **71** are interested.

I pushed that event out to my command as being at 6:30 AM!!! Not sure what I was thinking for that. But then I just checked the Twitter link and it says that 13 hours ago they said it was postponed. Not sure what is going on, but I think I'll just let my people think the event occurred at 6:30 this morning. 😊

I think this Saturday is going to be much like last Saturday. So far we're looking at the following:

- 1200 - Lincoln Memorial - Nationwide March for Black Lives
- 1500 - African American Museum - DemandDC Rally and March

1630 - Meridian Hill - Take Back Our Streets Rally and March
1800 - DuPont Circle - F*** the Police Rally and March

Good Morning All,

My command is hearing rumblings and getting inquiries about large demos planned for this Saturday. We aren't tracking anything major at this time. Do any of you have anything different from our intel?

Additionally – please keep this CLOSE HOLD as we did not announce this publicly yet – but MPD will be releasing the BWC videos for all MPD involved shootings and deaths that have occurred over the past few years tomorrow afternoon so this may lead to additional protests and demos popping up.

Judging by the condition of the ramp on the sidewalk I assume the bricks are there to repair that, but passing along for awareness.

FYSA: This certainly doesn't mean she's not out and about in the protests. Back in June, she posted pictures of her older child sleeping in the backseat of a car at one of the protests.

Sorry, thought I sent this out but it was still in my "Drafts" folder. Below are a few known D.C. Antifa members who were with the group and participating in the civil unrest over the weekend.

I can tell you immediately that two known Antifa members, [REDACTED] and [REDACTED], were with the group and participating in the marches over the weekend.

Our HQ JTTF folks have a few questions about ANTIFA being spotted in DC this past weekend. I know you guys were tracking some splinters of known ANTIFA or ANTIFA supporters around, but would you have anything you can share with us on this? I think they just want to make sure we are all on the same page.

Subject: indicators of Antifa support in the crowds in WDC this weekend?

Thanks for your help this weekend.

I'm doing a quick check to make sure we have consistency of law enforcement information with MPDC and maybe others – before we have our DIR briefings.

PID didn't report any indicators of Antifa support in the crowds (tactics, logos, flags....)

I don't remember seeing anything from WFO JTTF either.

However, USSS/CSD reported that MPDC advised they were able to confirm that a portion of the protestors were "known Antifa members" utilizing "homemade shields made from cutting plastic drums in half, hard hats and umbrellas to provide concealment for other members who were throwing objects at police. The protestors also used rope stretched across the street in an attempt to trip officers." This caption accompanied the below image...

At this time, USSS doesn't have any information indicating our folks witnessed Antifa support in the crowds. Does WFO JTTF agree with this? Did your FBI folks generate anything to contradict this?

Thanks so much for your help.

My read is that whoever this is is afraid that if a large group gathers around shops or businesses that destruction of property is inevitable. I think they want to move it to LMC to do away with that "temptation".

I'm not too sold on this. The Twitter account was established in April 2020. Not sure how much coverage they are going to get or how many people they will pull off the larger group. The organizer of the larger group is still telling everyone that the demo is at 14th and U. No evidence that he's aware of the person telling people to go to the Lincoln.

ALCON—

During routine SMA on demonstrations, the following activity was located on an open Telegram channel:

- Protestors are suggesting using balloons filled with paint to throw at police lines and vehicles.
- Protestors are reporting the locations of Long Range Acoustic Devices (LRAD), and how to protect against them throughout cities in the U.S. Nothing specific to the NCR was located.
- There were also four demonstration meet-up locations posted for the NCR. At the end of the post, the subject claimed, “expect action at Lafayette Square all day!” No further details were available.

I saw this one but there are already like 3-4 other protests at Malcom X Park around the same time so I think they will all end up merging into one:

1500 hours: According to open source information, DCProtests will assemble at Malcolm X Park to conduct a march. The destination or number of protests is unknown.
<https://twitter.com/LurkingInca/status/1278785022913372166>

1600 to 1900 hours: According to open source information, Funds 4 Justice will assemble at Malcolm X Park, (Meridian Hill), to raise money for the Equal Justice Initiative. (6) Participants have committed to this event. (1) Participants is interested.
<https://www.facebook.com/events/936652833465747/>

However, since you took the time to find it and send it to us I think I might add to so our bosses know they're getting their money's worth out of us ;-)

My command is hearing rumblings and getting inquiries about large demos planned for this Saturday. We aren't tracking anything major at this time. Do any of you have anything different from our intel?

Additionally – please keep this CLOSE HOLD as we did not announce this publicly yet – but MPD will be releasing the BWC videos for all MPD involved shootings and deaths that have occurred over the past few years tomorrow afternoon so this may lead to additional protests and demos popping up.
