**MEMORANDUM**

**TO:** Criminal Intelligence Branch Members

**FROM:** Lieutenant Michael J. Pavlik  
Criminal Intelligence Branch

**DATE:** April 20, 2011

**SUBJECT:** Operation Summer ICE Social Media Teams

As part of the Summer Crime Initiative, Operation Summer ICE, the Criminal Intelligence Branch (CIB) has been tasked with creating Social Media Teams. The mission of these teams is to monitor social media websites for possible information on criminal activity and that care is exercised so as to protect person's constitutional rights, and that matters investigated are confined to those supported by a legitimate law enforcement purpose. To that end, the following guidelines shall be followed.

Members may observe and monitor social media websites that are open to the public, with no invitation, approval or membership required. No prior approval is necessary.

Should members observe or have a reasonable suspicion that a social media website may have posts or contain information concerning criminal activity and criminal associations and such site requires an invitation, approval or membership a written request articulating such reasonable suspicion shall be submitted to the CIB lieutenant for approval prior to requesting to join or create a connection.

Members shall only monitor such websites for discussions of possible criminal activity and criminal associations and shall not engage discussions or interactions unless prior approval has been given by the CIB lieutenant.

In exigent circumstances approval maybe requested by phone followed by a written request the next business day.

Members shall print or document information only as it pertains to having reasonable suspicion of criminal activity or associations.

Approval for the above monitoring will only be approved for thirty days. Prior to the expiration members shall request a written request for an extension to the CIB lieutenant as necessary.

The CIB lieutenant shall maintain a file of all requests and shall conduct a review to determine if reasonable criminal suspicion still exists prior to the 30 day expiration.

Members shall continually monitor open pages that may have ties to known gang areas. Additionally, upon learning of a violent incident members shall query all known sites for the area that the incident occurred and any known rivals for any information that could assist in the case as well as assist in identifying any potential retaliation.

Members shall prepare a weekly report for each OSS area detailing any information gleaned. However, should a member gain information regarding any criminal acts, potential suspects, or acts of retaliation, this information shall be forwarded ASAP.

**Homeland Security Bureau  
Intelligence Division**

**(Special Note): Information regarding First Amendment assemblies is often fluid and subject to change. The below information was obtained through law enforcement and open source venues. Updated information and events acquired since the last report will be designated in Red.**

Good Morning,

Sgt. [REDACTED] asked that I create this group to catalogue relevant social media related to upcoming protests. Captain [REDACTED] will forward out whatever information needs to be shared with any other folks, but any hits that we find I will go ahead and catalogue in our own internal document which will not be released unless authorized. Please let me know if you have any questions.

Good Morning,

Sgt. [REDACTED] asked that I create this group to catalogue relevant social media related to upcoming protests. Captain [REDACTED] will forward out whatever information needs to be shared with any other folks, but any hits that we find I will go ahead and catalogue in our own internal document which will not be released unless authorized. Create a virtual perimeter in seconds and monitor activity across seven social networks, in real time.

## An invaluable tool for public safety monitoring and surveillance

We help crime analysts, detectives, and task force operations improve response through real-time, location-based situational awareness. Social media has become an invaluable tactical tool to support a wide variety of missions, and every observer is now a potential eyewitness and source of on-location images and information.

### Turn information into actionable intelligence

See what's happening in real time and search historical data in critical locations to find witnesses and leads, establish timelines, and identify suspects.

### The cornerstone of a real-time crime center operation

Assess, prevent, and react to threats by aligning location-based social media monitoring and analysis with other intelligence sources.

### Seamless information sharing between analysts and ground ops

Leverage real-time, hyper-local social media monitoring and analytics to assess crisis areas and quickly coordinate responses anywhere in the world.

### Enhance event and venue security efforts

Hyper-local search allows specific venues, down to the building, to be monitored for potential security threats, greatly reducing response times.

## KEY FEATURES

- REAL-TIME MONITORING
- RECORDING AND ARCHIVAL OF DATA
- AUTOMATIC EMAIL ALERTS
- ROBUST ANALYTICS AND REPORTING
- SUSPECT TRACKING

## Receive alerts when important posts are made from within your Geofeeds

If you have the recording feature activated on your account, you can receive real-time email alerts when posts are made from within your recorded Geofeeds. Each alert can be triggered by up to 50 keywords and/or usernames and applied to multiple Geofeeds. Here's how to set them up (screenshot below):

1. While viewing an active recorded Geofeed, click the alerts icon in the main toolbar
2. Give your alert a name
3. Enter up to 50 keywords and/or usernames, comma delimited
4. Apply the alert to one or multiple active recordings
5. Select the members of your account who should receive the alerts
6. Click Save

**That's it!** When posts are made that match your criteria, an email will be sent with the details and a link to view the item in Geofeedia. If you don't have the recording feature activated in your account but would like to be able to archive content from your feeds and use alerts, get in touch with our support team at [support@geofeedia.com](mailto:support@geofeedia.com).

Dear [REDACTED]

Hello, my name is Tia and I am an Account Specialist with Spokeo for Law Enforcement, I was forwarded your way by Tammatha Clodfelter because we are offering your agency a 10-day free trial.

Below is a brief description of what you get with this trial:

## **INTRODUCTION:**

Spokeo for Law Enforcement™ is a robust and easy-to-use investigative tool that connects both social media data and public records to provide deep people intelligence. Spokeo aims to serve as an additional investigative source and provides an enhanced solution complementing the traditional data platforms.

We recently launched Spokeo for Law Enforcement. It's currently used by hundreds of local, state, federal law enforcement and government agencies. This recent launch was supported by our internal Law Enforcement experts and we are excited to be partnering with the intelligence community to improve investigative research processes.

## **SUITE OF SERVICES:**

- Unlimited & Advanced Search Capability
- Access to Social Media
- Access to Court & Historical Records
- Access to Public Records
- Multiple User Ability

- Monitor/Receive Updates
- Dedicated Law Enforcement Specialists - Monday through Friday, 8 am to 5 pm - Pacific Time - 1 (888) 880-8455
- General Customer Care Support & Search Assistance - 7 Days a Week
- Ongoing Training (Detectives, Analysts, etc.)

The 10-day free trial to include product demonstration. This session basically provides an overview of our Open Source Intelligence Platform and will:

- Help increase your propensity of find
- Share use cases that have led to several high-profile arrests
- Teach best-practices surrounding OSINT and Social Media investigations
- Help establish an investigative "brain-trust" using multiple search engines

## Searcher vs. Searchee: Do you know the difference?

In the online world, we are typically either searching for someone or someone is searching for us. This month, we share the best tips on the right way to search for and find information about the people in your life -- whether it's your long lost family and friends or a potential new love interest. The flip side of this coin is understanding who's searching for you and why. Our two new blog articles on "Searching for Someone? How to Track Them Down the Right Way" & "Can You Find Out Who is Searching for You Online" will help you understand the difference between a searcher vs. a searchee.

# Social Media Investigations: Gun Recovery Unit Edition

Detective Sergeant [redacted] JTTF

# Attention Gun Recovery Unit!!!

I am teaching this class as a supplemental to your current knowledge base of social media. It was designed using best practices acquired over my time doing social media investigations. Things we are going to cover today:

- Personal Use of the Social Media
- Legal Process Pitfalls ( and how to avoid them)
- Online Covert Accounts

# Understanding the Anti-Customer (everything is going to be OK, guys)

# Personal Use of Social Media

We are getting crushed by Internal Affairs and Citizen Complaints on how we conduct ourselves in our personal lives. Understand that every conversation you make could be screen captured and taken out of context.

# Personal Use of Social Media

There is no such thing as a secret group on social media. Be cognizant that anything you say even in jest can be taken out of context and exploited.

# Personal Use of Social Media

Understand as a member of the Metropolitan Police Department, any comments you make reflect on the Department. Context and humor are subjective.

# Personal Use of Social Media

This includes blogs and media outlets.

**BLOOMINGDALE, CRIME, TRUXTON CIRCLE**

**“After the suspect refused to follow numerous commands, two officers discharged their firearms”**

[Prince Of Petworth](#) February 5, 2021 at 9:30am

# Personal Use of Social Media

Practice operational security in your personal life

# Personal Use of Social Media

Do not post any work-related content that involves crime scenes, tactics, or investigations.

# Personal Use of Social Media

Don't use personal accounts or private workspace for investigations

# Media Contacts through Social Media

Defer to the PIO

# Legal Process for Social Media

# Legal Process and Getting What you Want

- There are three types of legal process that an Investigator will find themselves issuing in an investigation. Those are:
  - 1) Preservation Letters
  - 2) Search Warrants
  - 3) Emergency Disclosures

# Legal Process and Getting What you Want

## Preservation Requests

[↑ 18 U.S.C. §2703\(f\)\(1\)](#) states: “A provider of wire or electronic communication service or a remote computing service, upon the request of a governmental entity, shall take all necessary steps to preserve records and other evidence in its possession pending the issuance of a court order or other process.”

- Good for at least 90 days
- Retroactive
- Customer not notified

## Search Warrants

# Legal Process and Getting What you Want

At this point in your career, I am not going to walk you through the warrant process. What I can do is highlight recurring issues with social media search warrants. I have made all of these mistakes myself.

# Legal Process and Getting What you Want

## 1) Training and Experience

If you are using the phrase “training and experience,” you need to be able to articulate what training and experience you have beyond the Maurice J Turner Institute of Police Science.

### Places to get Training

- Private Sector offerings
- Community College
- Government-affiliated offerings ( NCTC, HIDTA)

If you want the training, hunt for it. If the Department won't grant you Admin Leave, take personal leave. **INVEST IN YOURSELF.**

# Legal Process and Getting What you Want

## 1) Training and Experience

If you are using the phrase “training and experience,” you need to be able to articulate what training and experience you have beyond the Maurice J Turner Institute of Police Science.

### Articulating Experience

We all have life experience. In addition to on-the-job experience, your personal life plays a role in justifying that your training and experience

# Legal Process and Getting What you Want

2) “I know statements”

How do you know? Is it just template language or do you actually know?

# Legal Process and Getting What you Want

## 3) Language is important

If slang is used to describe a firearm, be prepared to discuss how you know a \_\_\_\_\_ is a firearm or \_\_\_\_\_ is a shooting. Visuals and criminal records help.

The image shows a screenshot of a dictionary entry for the word 'blickie'. The entry is titled 'TOP DEFINITION' and includes social media sharing icons for Twitter, Facebook, and a share icon. The word 'blickie' is defined as a 'firearm'. An example sentence is provided: 'After he popped off he tossed the blickie in the river.' The entry is attributed to 'YoungDon609' and dated 'December 28, 2008'. Below the text are two buttons: one for 'likes' (91) and one for 'dislikes' (33), along with a 'FLAG' button. At the bottom of the entry, there is a promotional banner for a 'blickie' mug, with the text 'Get a blickie mug for your mom Yasemin.' and an image of a mug with the word 'Word' on it.

## 4) High Crime Area

The Gun Recovery Unit is not the low crime response unit. If you are in area, there is probably a reason. Instead of exclusively using high crime area, articulate how you happened upon an investigation or a subject. Things that help:

- CRS Analytical Products
- Heat Maps
- Deployment Orders and historical knowledge

## Emergency Disclosures

### **18 U.S. Code § 2702 - Voluntary disclosure of customer communications or records**

A social media platform can provide you subscriber level information on an account if you can articulate (in good faith), that an emergency involving danger of death or serious physical injury to any person requires disclosure without delay of communications relating to the emergency.

# Legal Process and Getting What you Want

## Emergency Disclosures

These should not be used in lieu of legal process. It's a handshake agreement with a company to mitigate a threat, with the expectation that legal process will be forthcoming( if applicable).

# Legal Process and Getting What you Want

## Emergency Disclosures

The two requirements needed for most companies are:

- A demonstration that there is a threat
- A demonstration that the threat is imminent (not eminent)

# Legal Process and Getting What you Want

## Emergency Disclosures

An Emergency Disclosure may require an additional disclosure request

# Legal Process and Getting What you Want

Emergency Disclosures

Document everything as part of the investigation

Be sure to follow up with legal process (Congress expects it)

# Legal Process and Getting What you Want

- Why create an Online Covert Account (Undercover account)?

# Use of Undercover Accounts

# Use of Undercover Accounts

There are two variations of an OCA, and they should be kept exclusive of each other. Overt accounts are used to monitor opensource social media, and Covert accounts are used for focused contact on predicated individuals.

# Use of Undercover Accounts

## Overt Accounts

- An Overt Account monitors social media that is otherwise publicly viewable. The three platforms this is most often seen in are:
  - Facebook
  - Instagram
  - Twitter

# Use of Undercover Accounts

## Covert Accounts

- A Covert Account is used for focused investigations. We gain information on bumping ( contacting) subjects through a starting point( we need to have a reason). These starting points could include:
  - IQ Reports
  - Tips from Citizens
  - Tips from Officers
  - Social Media Aggregators
  - Hashtags or Names from your experiences as a law enforcement Officer
  - Gang Books and MPD Databases

In an effort to continually enrich our offerings, we recently launched the [Social Media Comprehensive Report](#) - a newly upgraded and more powerful way to research a subject's digital identity.

TransUnion's TLOxp® solution now includes search and report functionality when accessing publicly-facing social media and web data, helping support and enhance your investigations, research and due diligence. Today, a single search can reveal more about a subject's digital identity with information not readily accessible via other forms of public records data - allowing you to gather intel and assess risk more effectively.

The information you're looking for could be closer than you think.

[Try it now >](#)

## We deliver data-fast

TransUnion has entire departments dedicated to data management and hygiene, with data scientists pushing the limits of our analytics-based models to improve the quality of our information.

Law enforcement and government agencies can capitalize on our affinity for fresh data by scrubbing files - in bulk - in as quickly as several hours. This translates to more efficient operations.

[Refresh your data now >](#)

## We're here to help

If you have questions on any TLOxp features, call 800-856-5599 or contact your account manager Monday-Friday: 8 a.m.-8 p.m. Eastern Time.

Good afternoon,

In preparation for the FY19 service agreements with TLOxp, Ms. McCaffrey has sent me the pricing options below. I am not so sure if it would be beneficial to make any changes to our existing agreement, so I would like to forward this for your review. Please let me know if you would like to continue with our current agreement or if it would be more cost efficient for MPD to do the bundled pricing.

Thank you,

[REDACTED]

As we discussed we have other pricing options for your agency and I wanted to send over a few of those options for your new fiscal year beginning 10/1/18.

Your current agreement with us is \$1,100/m for 5,000 transactions per month which you exceeding most months. We can either keep it at the current rate or increase your transactions to 6,000 per month at the rate of \$1,320 per month. Any searches over the 6,000 will be invoiced at \$.22 per transaction.

The flat rate includes all searches and reports excluding: Social Media (\$1), Vehicle Sighting Reports (\$8), Real Time Phone Carrier Search (\$.30) or Super Reverse Phones (\$.30). If these searches are run they will be invoiced over and above the flat rate.

We also provide bundled pricing which includes all searches and reports plus Social Media, Real Time Phone Carrier Search, and Super Reverse Phones. The rate for 5,000 transactions is \$1,900 per month, any searches over the 5,000 a month will be invoiced at standard retail rates.

I will give you a call on Thursday to go over these with you but feel free to give me a call if you have questions before.

Thank you,

Mary

The [Social Media Comprehensive Report](#) - a more powerful way to research a subject's digital identity.

TransUnion's TLOxp<sup>®</sup> solution now includes search and report functionality when accessing publicly facing social media and web data, helping support and enhance your investigations, research and due diligence. Today, a single search can reveal more about a subject's digital identity with information not readily accessible via other forms of public records data - allowing you to conduct research and assess risk more effectively.

The information you're looking for could be closer than you think.

Dear Valued Customer,

On **Jan. 1, 2019**, Vehicle Sightings searches and reports within TransUnion's TLOxp® solution will sunset and access will be discontinued at that time. We sincerely apologize for any inconvenience this may cause. TLOxp will continue to offer access to valuable, industry-leading data, including more than 12 billion vehicle registration records.

We're constantly improving the quality and coverage of our available datasets, while simultaneously working to enrich our advanced, analytics-based models to deliver results in the most meaningful way. TLOxp continues to evolve, currently providing access to more than 100 billion records covering over 95% of the U.S. population.

**Recent enhancements include:**

- The addition of nearly 150 million unique emails
- New, thin-file consumer information, boosting available data on young adults and those with little credit history
- Enhanced place of employment data to provide more relevant results
- New, state-sourced deceased data
- Enhanced phone scoring to improve right party contact

If you have questions on any TLOxp features, call 800-856-5599 or your account manager Monday - Friday: 8 a.m. - 8 p.m. Eastern Time.

Thank you,  
The TransUnion TLOxp Customer Support Team

Dear TLOxp administrator,

As part of our product lifecycle upgrades, we'll soon be transitioning the 411 Search within the TLOxp® solution to end-of-life status-rendering it unavailable as of January 31, 2017.

However, we remain committed to providing you with actionable information, along with services that enhance your ability to mitigate risk and improve due diligence. As a result, **you may continue to access advanced phone data through our 411+ Search\***.

With 411+ Search, you'll enjoy all the same benefits of 411 Search, but you can also access unlisted numbers, mobile phone numbers, VOIP numbers, plus historical data.

If you have questions on any TLOxp features, call 800-856-5599 or contact your account manager Monday-Friday: 8 a.m.-8 p.m. Eastern Time.

Thank you,

The TransUnion TLOxp Customer Support Team

Good afternoon,

In preparation for the FY19 service agreements with TLOxp, Ms. McCaffrey has sent me the pricing options below. I am not so sure if it would be beneficial to make any changes to our existing agreement, so I would like to forward this for your review. Please let me know if you would like to continue with our current agreement or if it would be more cost efficient for MPD to do the bundled pricing.

Thank you,

[REDACTED]

As we discussed we have other pricing options for your agency and I wanted to send over a few of those options for your new fiscal year beginning 10/1/18.

Your current agreement with us is \$1,100/m for 5,000 transactions per month which you exceeding most months. We can either keep it at the current rate or increase your transactions to 6,000 per month at the rate of \$1,320 per month. Any searches over the 6,000 will be invoiced at \$.22 per transaction.

The flat rate includes all searches and reports excluding: Social Media (\$1), Vehicle Sighting Reports (\$8), Real Time Phone Carrier Search (\$.30) or Super Reverse Phones (\$.30). If these searches are run they will be invoiced over and above the flat rate.

We also provide bundled pricing which includes all searches and reports plus Social Media, Real Time Phone Carrier Search, and Super Reverse Phones. The

rate for 5,000 transactions is \$1,900 per month, any searches over the 5,000 a month will be invoiced at standard retail rates.

I will give you a call on Thursday to go over these with you but feel free to give me a call if you have questions before.

Thank you,

Mary

Good afternoon,

In preparation for the FY19 service agreements with TLOxp, Ms. Mcaffrey has sent me the pricing

options below. I am not so sure if it would be beneficial to make any changes to our existing agreement, so I would like to forward this for your review. Please let me know if you would like to continue with our current agreement or if it would be more cost efficient for MPD to do the bundled pricing.

Thank you,

As we discussed we have other pricing options for your agency and I wanted to send over a few of those options for your new fiscal year beginning 10/1/18.

Your current agreement with us is \$1,100/m for 5,000 transactions per month which you exceeding most months. We can either keep it at the current rate or increase your transactions to 6,000 per month at the rate of \$1,320 per month. Any searches over the 6,000 will be invoiced at \$.22 per transaction.

The flat rate includes all searches and reports excluding: Social Media (\$1), Vehicle Sighting Reports (\$8), Real Time Phone Carrier Search (\$.30) or Super Reverse Phones (\$.30). If these searches are run they will be invoiced over and above the flat rate.

We also provide bundled pricing which includes all searches and reports plus Social Media, Real Time Phone Carrier Search, and Super Reverse Phones. The rate for 5,000 transactions is \$1,900 per month, any searches over the 5,000 a month will be invoiced at standard retail rates.

I will give you a call on Thursday to go over these with you but feel free to give me a call if you have questions before.

Thank you,

Mary

Thanks [REDACTED] I also received this feedback from the ISS regarding TLO and the usage of Social Media, Vehicle Sighting Reports, Real Time Phone Carrier Search, or Super Reverse Phones

“From what I understand, they mostly use TLO for phone number and address searches but that’s it. They run social media searches in TLO but I believe its more cumbersome than Accurint and the results vary. The vehicle sighting report function is used sporadically at best.

I know I have never used the Real-time phone carrier or super reverse phones tools and neither has Ebony or Lauren.

Generally, now that the team has Accurint, TLO is used more of a backup rather than a primary.”

That seems to line up with the overall trend of the TLO usage.

The flat rate includes all searches and reports excluding: Social Media (\$1), Vehicle Sighting Reports (\$8), Real Time Phone Carrier Search (\$.30) or Super Reverse Phones (\$.30). If these searches are run they will be invoiced over and above the flat rate.

We also provide bundled pricing which includes all searches and reports plus Social Media, Real Time Phone Carrier Search, and Super Reverse Phones. The rate for 5,000 transactions is \$1,900 per month, any searches over the 5,000 a month will be invoiced at standard retail rates.

I will give you a call on Thursday to go over these with you but feel free to give me a call if you have questions before.

Thank you,

Mary

Good afternoon,

In preparation for the FY19 service agreements with TLOxp, Ms. McCaffrey has sent me the pricing options below. I am not so sure if it would be beneficial to make any changes to our existing agreement, so I would like to forward this for your review. Please let me know if you would like to continue with our current agreement or if it would be more cost efficient for MPD to do the bundled pricing.

Thank you,

██████████

As we discussed we have other pricing options for your agency and I wanted to send over a few of those options for your new fiscal year beginning 10/1/18.

Your current agreement with us is \$1,100/m for 5,000 transactions per month which you exceeding most months. We can either keep it at the current rate or increase your transactions to 6,000 per month at the rate of \$1,320 per month. Any searches over the 6,000 will be invoiced at \$.22 per transaction.

The flat rate includes all searches and reports excluding: Social Media (\$1), Vehicle Sighting Reports (\$8), Real Time Phone Carrier Search (\$.30) or Super Reverse Phones (\$.30). If these searches are run they will be invoiced over and above the flat rate.

We also provide bundled pricing which includes all searches and reports plus Social Media, Real Time Phone Carrier Search, and Super Reverse Phones. The rate for 5,000 transactions is \$1,900 per month, any searches over the 5,000 a month will be invoiced at standard retail rates.

I will give you a call on Thursday to go over these with you but feel free to give me a call if you have questions before.

Thank you,

Mary

## Reminder: PIN code delivery via email will no longer be supported as of **November 10th, 2016**.

Dear [REDACTED]

TransUnion considers the security of the data we provide to be critically important. To support this, we are excited to provide you with new security features that enable your organization and TransUnion to better protect the data within your account.

We have improved our two-factor authentication features to increase account security by providing users with the option to deliver PIN codes via mobile phone SMS texts or the Google Authenticator app.

### Administrator action required

**As an administrator for your company's TLOxp® account, you are required to take action.**

#### Option 1: Mobile phone SMS

For users choosing to switch to PIN code delivery via SMS:

1. In TLOxp, navigate to *[My Account / Users / Edit User]* or click [HERE](#) and add their mobile phone number to their user profile.
2. Then go to *Preferences* on the Edit User page and select SMS for the "Send Pin Code via" option.

#### Option 2: Google Authenticator

Users who prefer to use the Google Authenticator app can set up this authentication option individually by logging into TLOxp and following the instructions [HERE](#) in *Preferences*. Note that these users must install the Google Authenticator app on their mobile devices.

#### Option 3: Whitelist Public Facing Static IP

For organizations with policies that limit user access to mobile devices, you may provide us with your IP address for whitelisting. This can be accomplished by having an account administrator email TLOxp Customer Support at [TLOxpSupport@transunion.com](mailto:TLOxpSupport@transunion.com) with the desired IP address to whitelist.

Whitelisting an IP will enable users to login from a trusted location without the need to send a PIN code via SMS or the Google Authenticator app.

The users listed below must switch to PIN code delivery via SMS or Google Authenticator:

If you have any questions, please contact our team of dedicated specialists at **800-856-5599**.

Sincerely,

TransUnion | TLOxp
