SCHEDULE A

Accurint for Law Enforcement Plus and Non-FCRA Batch Services (Subscription)

Agency (Customer) Name: Metropolitan Police Department - SOCC
Billgroup #: ACC-1201230
LN Account Manager: Steve P. Hecht

This Schedule A sets forth additional or amended terms and conditions for the use of the Accurint for Law Enforcement Plus and Non-FCRA Batch services ("LN Services"), as set forth in the services agreement between Customer and LN or LN's affiliate(s) for the LN Services ("Agreement"), to which this Schedule A is incorporated by reference. The LN Services herein shall be provided by LexisNexis Risk Solutions FL Inc. ("LN"). Customer acknowledges that the services provided under this Schedule A are non-FCRA services and are not "consumer reports" within the meaning of the FCRA and Customer agrees not to use such reports in any manner that would cause them to be characterized as "consumer reports".

1. SCHEDULE A TERM

The term of this Schedule A will be 12 months beginning 10/1/2014 ("Initial Term"), and shall automatically renew for additional periods of twelve (12) months ("Renewal Term"), unless written notice of termination is provided to either party at least sixty (60) days prior to the expiration of the Initial Term or any Renewal Term. If an account is activated after the first day of a calendar month, charges will not be pro-rated.

2. FEES

2.1 Minimum Payment: Customer shall pay to LN each month a flat rate commitment in the amount of Six Thousand Eight Hundred Forty-Five Dollars (\$6,845.00) (the "Flat Rate Commitment"), which shall include Customer's access and use of the following LN Services: Accurint for Law Enforcement Mobile, Accurint for Law Enforcement Plus, SM Monitor and Non-FCRA Batch Services (collectively, the "Flat Rate LN Services"). At the end of each 12-month period ("Year"), Customer's Flat Rate Commitment shall be increased 3% year over year ("Cost of Doing Business Annual Increase").

2.2 Accurint for Law Enforcement Mobile User IDs: During the Initial Term and in any Renewal Term Customer shall be granted unlimited Accurint for Law Enforcement Mobile User ID's.

2.3 Accurint for Law Enforcement Plus User IDs: During the Initial Term and in any Renewal Term Customer shall be granted Fifty (50) Accurint for Law Enforcement Plus User ID's ("Aggregate Accurint for Law Enforcement Plus Per User Contract Limit"). Should Customer exceed the Aggregate Accurint for Law Enforcement Plus Per User Contract Limit, Customer shall pay to LN the flat fee of \$115.00 per User ID per month ("User Fee") for; (a) any User ID upon which any search occurs during a calendar month; and (b) any User ID activated on Customer's account which did not perform any search and is not suspended or terminated by the close of business on the last day of any calendar month.

2.4 If in accordance with the attached Accurint for Law Enforcement Mobile and Accurint for Law Enforcement Plus (collectively, the "Online Services") Price Schedules, Customer's combined actual usage of the Online Services exceeds the amount of Eighty Thousand Dollars (\$80,000.00) per Year (the "Online Services Yearly Usage Cap"), LN reserves the right to renegotiate in good faith any Renewal Term Online Services Fees that Customer shall pay to LN for access to the Online Services under this Schedule A. At the end of each Year, Customer's Online Services Yearly Usage Cap shall be increased 3% year over year.

2.5 Transactional Fees: The attached Price Schedules list the currently available searches and reports (“Features”), as well as their respective prices (“Transactional Fees”).

2.6 Premium Features: Customer shall have unlimited access to the following Accurint for Law Enforcement Plus premium features:

| |
|----------------------------------|
| Advanced Sex Offender Search |
| Real Time Phone Search |
| Virtual Identity Search & Report |

2.7 Accurint for Law Enforcement Plus Features not included: Unless otherwise listed in 2.6 above, the following Features are not included in the Flat Rate Commitment and shall in all cases be charged separately according to the pricing specified in the attached Accurint for Law Enforcement Plus Price Schedule: Aerial Imaging, American Board of Medical Specialties Search, Bankruptcy Documents/Dockets, Businesses in the News, Canadian Phones, Comprehensive Healthcare Business Report, Comprehensive Healthcare Provider Report, Court Search Wizard, Delaware Corporation Search and Report, Dun and Bradstreet Search, Mexico Docket Search, Mexico Professional License Search, MVR Reports (Driving Record), National Motor Vehicle Accident Search and Report, People in the News, Property Deed Image, Provider Sanction Search and Report, Provider Search and Report, Real Time Person Search, Satellite Image, Work Place Locator and Batching Service. Features with Transactional Fees will be disabled when account is set up. Please contact your account manager at any point to have these features with Transactional Fees enabled.

3. SM MONITOR EVENTS

3.1 Included in the Flat Rate Commitment, Customer shall be allowed to monitor up to 1,000,000 SM Monitor Events each month (“SM Monitor Events Monthly Cap”).

4. SM MONITOR OBJECTS

4.1 Included in the Flat Rate Commitment, Customer shall be allowed to monitor up to 1,000 SM Monitor Objects each 12 month period (“SM Monitor Objects Yearly Cap”).

5. FEATURES AND TRANSACTIONS

5.1 LN shall provide to Customer the following LN Non-FCRA Batch Services:

| FEATURE |
|---|
| Warrant Finder Batch (Includes: Address (single), Waterfall Phones – Directory Assistance Match, Address and Name Variations, Co-Residents, Phones Plus & Relatives (single), Associates, Relatives and Deceased) (per transaction) |

5.1 Included in the Flat Rate Commitment, LN and Customer agree that LN will process no more than Two Hundred Fifty (250) transactions in each Year (“Yearly Aggregate Warrant Finder Batch Contract Limit”) of the Feature listed in 5.1 above. Should Customer exceed the Yearly Aggregate Warrant Finder Batch Contract Limit, Customer shall pay to LN in any month an overage of \$0.74 per transaction.

6. EXPIRATION

Unless otherwise accepted by LN, the terms herein are valid if the Schedule A is signed by the Customer and received by LN on or before **9/24/2014**.

7. CONFIDENTIAL INFORMATION

This Schedule A contains the confidential pricing information of LN. Customer acknowledges that the disclosure of such pricing information could cause competitive harm to LN, and as such, Customer agrees to maintain Schedule A in trust and confidence and take reasonable precautions against such disclosure to any third party.

CLEAR® SERVICES TEMPORARY ACCESS AGREEMENT

AGREEMENT entered into between District of Columbia Metropolitan Police Department ("Licensee") and West, a Thomson Reuters business ("West") regarding certain West research services, as follows:

1. License.

a. **CLEAR Services.** Subject to paragraph 9 below and upon completion of this paragraph 1a, West hereby grants Licensee, at no charge, 10 CLEAR temporary access passwords and a non-exclusive, non-transferable, limited license to access CLEAR Services and associated ancillary services (collectively "Services" or "Product" unless specified otherwise) for a period of 14 consecutive days unless further extended by oral or written agreement of the parties. Licensee shall assign each CLEAR password issued hereunder to an individual user. Licensee shall provide such password assignments to West upon West's request. Sharing of CLEAR passwords is strictly prohibited. Licensee is responsible for ensuring that all end users comply with this Agreement.

b. **Grant.** Services consist of various West-owned and supplier databases, services, functions and remotely-accessed gateways, which may change from time to time. Access to certain Services may be restricted at anytime by West. Licensee is licensed to use data made available through Services solely for the permissible purposes identified herein or otherwise authorized by West in writing, which takes precedence over the license granted in this paragraph.

c. **Usage.** Subject to the restrictions set forth in paragraph 2 (License Restrictions) below, Licensee may use the CLEAR Services, including Data (as defined below) in the regular course of Licensee's business, legal, and other research and related work subject to the limitations contained herein. "Data" means all information and representations of information, including, but not limited to, graphical representations, and other content made available to Licensee through the CLEAR Services. Licensee may: (i) display Data internally; (ii) quote and excerpt from Data (appropriately cited and credited) by electronic cutting and pasting or other means in memoranda, briefs, reports, and similar work product created by Licensee in the regular course of Licensee's research and work; and (iii) to the extent not expressly prohibited by the terms of the Agreement, use Data as permitted under the fair use provision of the Copyright Act (17 U.S.C.A. § 107). Downloaded information shall not be stored or used in an archival database or other searchable database except as expressly permitted by this Agreement.

2. License Restrictions.

a. **Usage Restrictions.** Licensee may not copy, download, scrape, store, publish, post, transmit, retransmit, transfer, distribute, disseminate, broadcast, circulate, sell, resell, or otherwise use the Data, or any portion of the Data, in any form or by any means except as expressly permitted by paragraph 1 (License Grant) above, or as otherwise expressly permitted in writing by West. Licensee shall not reverse engineer, decompile, disassemble, or otherwise attempt to discern the source code of the Products, their components, or any avenue by which Products are accessed.

b. **Compliance with Applicable Law.** Licensee shall not use any Data and shall not distribute any Data to a third party for use in a manner contrary to or in violation of any applicable federal, state, or local law, rule or regulation.

c. **Copyright Notices.** Licensee shall not remove or alter any copyright notices from any saved, downloaded, or otherwise reproduced Data. Licensee shall indicate that use of, distribution, and dissemination of Data is with the permission of West.

3. Regulated Data. Certain Data available through the Products is subject to heightened regulatory scrutiny under state and federal law ("Regulated Data").

a. Regulated Data Restrictions

i. Licensee acknowledges that West provides Regulated Data to support Licensee's own processes and decisions, and Licensee should not deny any service or access based solely on Regulated Data provided through the Product or results provided by West. Licensee is responsible for any denial of services or access and Licensee will not deny such services or access without first conducting its own appropriate internal review in conjunction with its decision-making process.

ii. West is not a consumer reporting agency, and Licensee certifies that it will not use any Data as a factor in establishing a consumer's eligibility for credit or insurance to be used primarily for personal, family, or household purposes, for employment purposes, or for any other purpose authorized under section 1681b of the Fair Credit Reporting Act (15 U.S.C.A. § 1681b).

iii. Licensee acknowledges that access to Regulated Data, available through the Product, including but not limited to credit header Data, motor vehicle Data, driver license Data, and voter registration Data is regulated by state or federal laws, such as the Gramm Leach Bliley Act ("GLBA"), the Driver's Privacy Protection Act ("DPPA"), or other state or federal laws and regulations, or is subject to Contributor restrictions.

iv. If Licensee is permitted to purchase motor vehicle records ("MVR Data") from West, without in any way limiting Licensee's obligations to comply with all state and federal laws governing use of MVR Data, the following specific restrictions apply and are subject to change:

- Licensee shall not use any MVR Data provided by West, or portions of information contained therein, to create or update a file to the end that Licensee develops its own source of driving history information.

- As requested by West, Licensee shall complete any state forms that West is legally or contractually obligated to obtain from Licensee before serving Licensee with state MVR Data.

v. Licensee agrees not to access Regulated Data for any purpose that is not allowed by the GLBA, by the DPPA, by any other applicable state or federal laws or regulations, or that is contrary to any Additional Terms, as defined in paragraph 5 (Additional Terms) below.

vi. Licensee represents and warrants that it is the end user of Regulated Data and shall limit use and dissemination of Regulated Data solely to the permissible uses stated by Licensee in the application and online (Licensee's "Permissible Use"). Licensee agrees to keep confidential and shall not disclose any Regulated Data except to Licensee employees in the United States of America whose duties reasonably require access to such Regulated Data to carry out Licensee's Permissible Use.

b. **Regulated Data Usage Compliance.** West retains the right to temporarily or permanently block access to certain Data if West, in its sole discretion, reasonably believes that the Data may be or has been used for an improper purpose or otherwise in violation of the terms of the Agreement, or as otherwise required by a Contributor. By accessing Data, Licensee acknowledges that from time to time, West and its Contributors and/or various government entities will require Licensee to identify a permissible use (if applicable) and may inquire as to Licensee's compliance with applicable laws or the Agreement. Licensee agrees to reasonably cooperate with any inquiry, subject to any attorney-client confidentiality. Licensee shall immediately report to West any misuse, abuse, or compromise of Data of which Licensee becomes aware.

c. **Regulated Data Licensee Credentials.** West's provision of access to Regulated Data is contingent on West's verification of Licensee's credentials in accordance with West's internal credentialing procedures. Licensee shall notify West immediately of any changes to the information on Licensee's application for Services and, if at any time Licensee no longer meets such credentialing requirements, West may terminate this Agreement.

d. **Regulated Data Indemnification.** Except as otherwise prohibited by law and without waiving any defenses to which it may be entitled,

Licensee hereby agrees to protect, indemnify, defend, and hold harmless West and all its Contributors from and against any and all costs, claims, demands, damages, losses, and liabilities (including actual attorneys' fees) arising from or in any way related to (i) the misuse of Regulated Data by Licensee (or any other party receiving such Regulated Data from or through Licensee); and (ii) Licensee's breach of any representation or warranty relating to its use of or purpose in using Regulated Data.

4. **Rights in Data.** Except for the license granted in this Licensee Agreement, all rights, title, and interest in the Product, including Data, in all languages, formats, and media throughout the world, including all copyrights, are and will continue to be the exclusive property of West and its Contributors.

5. **Additional Terms.** Certain third-party Data and features are governed by terms and conditions which are supplemental to and may be different from those set forth in this Licensee Agreement ("Additional Terms"). Additional Terms are available for review at the following locations: <http://legalsolutions.com/clear-additional-terms>.

6. In the event of a conflict between any Additional Terms and terms set forth in the Agreement, the Additional Terms will control.

7. **Disclaimer of Warranties.** EXCEPT AS SPECIFICALLY PROVIDED HEREIN, DATA AND INTERNET-BASED SERVICES ARE PROVIDED "AS IS," WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF PERFORMANCE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, ACCURACY, OMISSIONS, COMPLETENESS, CURRENTNESS, AND DELAYS.

8. **Limitation of Liability.** NEITHER WEST NOR ITS SUPPLIERS SHALL BE LIABLE TO LICENSEE OR TO ANY PERSON CLAIMING THROUGH LICENSEE OR TO WHOM LICENSEE MAY HAVE PROVIDED SERVICE-RELATED INFORMATION FOR ANY LOSS OR INJURY ARISING OUT OF OR CAUSED IN WHOLE OR IN PART BY WEST'S OR ITS SUPPLIER'S NEGLIGENT ACTS OR OMISSIONS IN PROCURING, COMPILING, COLLECTING, INTERPRETING, REPORTING, COMMUNICATING, OR DELIVERING DATA OR OTHERWISE PERFORMING THIS AGREEMENT. IN NO EVENT SHALL WEST, ITS AFFILIATES, AND/OR CONTRIBUTORS BE LIABLE TO LICENSEE FOR ANY CLAIM(S) RELATING IN ANY WAY TO (i) LICENSEE'S INABILITY TO USE PRODUCTS, DATA, SOFTWARE, OR INTERNET BASED SERVICES, OR ITS INABILITY OR FAILURE TO PERFORM LEGAL OR OTHER RESEARCH OR RELATED WORK OR TO PERFORM SUCH LEGAL OR OTHER RESEARCH OR WORK PROPERLY OR COMPLETELY, EVEN IF ASSISTED BY WEST, ITS AFFILIATES, OR CONTRIBUTORS, OR ANY DECISION MADE OR ACTION TAKEN BY LICENSEE IN RELIANCE UPON DATA; OR (ii) THE PROCURING, COMPILING, INTERPRETING, EDITING, WRITING, REPORTING, OR DELIVERING DATA. IN NO EVENT SHALL WEST, ITS AFFILIATES AND/OR CONTRIBUTORS BE LIABLE TO LICENSEE FOR ANY LOST PROFITS OR OTHER CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, INDIRECT, OR SPECIAL DAMAGES RELATING IN WHOLE OR IN PART TO LICENSEE'S RIGHTS UNDER THE AGREEMENT EVEN IF WEST, ITS AFFILIATES AND/OR CONTRIBUTORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9. **Reservation of Rights.** West reserves the right to modify the terms and conditions of this Agreement from time to time including, but not limited to, the right to impose access and usage limitations. Such modifications shall be effective immediately upon written notice to Licensee.

10. **Termination.** This Agreement shall become effective upon verification by West of Licensee's credentials in accordance with this Agreement and upon approval and execution by West in St. Paul, Minnesota. This Agreement shall terminate after the period set forth in paragraph 1a. Notwithstanding the term of the Agreement set forth in paragraph 1a, West may suspend the Services or terminate this Agreement at any time and for any reason.

11. **Effect of Agreement.** This Agreement embodies the entire agreement between the parties with respect to the subject matter hereof and supersedes any and all prior understandings and agreements, oral or written, relating thereto. West may amend the terms and conditions of this Agreement by giving Licensee written notice thereof. Any other amendment hereto must be in writing and signed by both parties.

12. **Notices.** All notices hereunder shall be given in writing to West at 610 Opperman Drive, P.O. Box 64833, St. Paul, Minnesota 55164-0833, Attention: Customer Service and to Licensee at the address set forth below.

13. **Governing Law.** This Agreement shall be governed by and construed under the laws of the State of Minnesota.

13. **Feedback.** Any and all Feedback that Licensee provides to West shall become the exclusive property of West without any payment, accounting, remuneration, or attribution to Licensee. "Feedback" means information provided, in any manner, by or on behalf of Licensee with respect to any feature, West product or service, or their enhancement, customization, configuration, installation, or implementation, including but not limited to ideas, concepts, suggestions, materials, functions, methods, processes, and rules.

Background

Preventing or reducing damage and loss from “bad actors,” whether they are trusted employees, external adversaries, or disruptive events, is of critical importance to Government and Commercial organizations. Identifying early threat indicators is essential for the Intelligence Community and Law Enforcement to reduce their risks and exposure. Historically, the volume of data, rate of change, and limited resources have made it nearly impossible to effectively detect and mitigate threats in real time. This trend towards deriving actionable intelligence from the world of big, real-time data can now be simplified using advancements in commercial data processing and technology. By leveraging Thomson Reuters Special Services’ (TRSS) access to proprietary data sets combined with cutting edge analytics, we increase accuracy, reduce risk, and lower cost and resource expenditures.

Company Information

Thomson Reuters is the world’s leading source of intelligent information for businesses and professionals. Thomson Reuters’ offerings combine industry content and expertise with innovative technology to deliver critical decision making information to business leaders around the world. Thomson Reuters’ products and services are integral to major global industries including: financial, legal, scientific, healthcare, and media.

Established in 2008, Thomson Reuters Special Services, LLC (TRSS) is a wholly-owned subsidiary of TR and is U.S. based and independently operated. TRSS delivers a comprehensive suite of solutions designed to help professionals achieve mission objectives, address uncertainty, and identify and manage risk. TRSS leverages Thomson Reuters’ market-leading solutions to help our clients perform intelligence collection/analysis, cybersecurity, counter threat finance, insider threat, and risk management.

Threat Intelligence Portfolio Introduction

THE TRSS SOLUTION

TRSS delivers a comprehensive portfolio of Threat Intelligence Solutions that help our clients with strategic initiatives focused on Threat Analysis.

Taking advantage of Thomson Reuters’ expertise in automated data processing and machine learning models for real time analysis, TRSS has developed solutions to support intelligence and law enforcement missions. These solutions streamline the process of detecting harmful threats around events, facilities and individuals.

Service Highlights and Data Analytics

TRSS Threat Intelligence Solutions go beyond simple collection of social media and open source data. TRSS has created a novel approach to the filtering and prioritizing of data presented for analysis. TRSS uses statistical modeling and machine learning techniques to model specific behavioral and contextual concepts to score dynamic text, from sources like social media, to filter and rank data for the analysts in a way that helps analysts prioritize the most important information related to the modeled concepts.

Threat Analysis

Through an automated, continuous process, the Threat Analysis service has been built to collect massive amounts of social media and open source data in real-time to collect results matching the query terms. Once the data has been collected, the system will evaluate and score the data for potential threats.

Features include:

- Targeted real-time data collection for geo-location, keywords, phrases, and entities
- Data evaluation and threat scoring
- Heat map display of results based on geo-code data and threat score
- Topic discovery
- Collection of user metadata

The process for producing a threat score is to inspect the text based on linguistic features corresponding to psychological and sociological behaviors associated with making and carrying out threats.

In addition to the threat scoring model, sentiment analysis is performed on several languages. Sentiment analysis delivers a measure of the positive or negative sentiment in a post.

Data Delivery Capabilities

TRSS Threat Intelligence Solutions can be delivered to clients through a number of different platforms dependent upon client capabilities and requirements.

Standard deliverables include raw data, direct data feeds, and/or finished intelligence reports provided by trained TRSS analysts. Deliverables can be customized to meet client requirements and complement current programs.

Customization

Based on client needs, custom scoring models can be generated.

Attachments: Threat Analysis in TIP.PDF; District of Columbia Metropolitan Police Department CLEAR TAA.PDF; IMG.PDF

Good morning Commander Ennis,
Thanks again for letting us show you CLEAR and we look forward to starting your trial access.

I just wanted to follow up with you on 2 items:

1-Can you give me the status of the paperwork completion for setting up the trial access to CLEAR Investigator? Is there someone there you would like me to connect with on this?

2-In addition to our CLEAR Investigator application we have a NEW Social Media Threat Detection Tool that leverages our robust public records, news, and open source information. –I have attached some general information on it for your review. You really need to see this new powerful tool. I am sure you will agree that it is much better than our competition’s new social media tool that you have been trialing. Can we set up a time to give you a demonstration?

We look forward to your experiencing why CLEAR is a superior service to your current provider! I hope to hear from you soon. Thanks.

Subject: Follow up to our meeting, Tetra

Commander Ennis,
As we discussed yesterday, attached is some information on the CLEAR Batch Alerting services and also on Tetra for your review.

Tetra is an easy to use, aggregation software that enables you to effectively and efficiently gather data from across multiple data sources, whether internal or external, and deliver the results in a readable format.

The power and flexibility of Tetra can greatly enhance your social media investigative efforts. Also, as we discussed, Tetra can bolt on to any system out there.

I would like to suggest that we set up a meeting to discuss Tetra in greater detail. I can bring out one of the Tetra product specialist and give you a better feel for all that you can accomplish with Tetra. I know you will be impressed.

I recall your mentioning that we could possibly join one of your scheduled meetings (on Thursdays)?

Thanks again for your time and we look forward to exploring all the ways the DC MPD can benefit from the power of Tetra.

Best Regards,

The TETRA Platform-Thomson Reuters

Leveraging proprietary data, global content and the ability to streamline processes, TR has developed a best-of-breed software application, TETRA.

What is TETRA?

TETRA is an easy to use, intuitive aggregation software that enables a user to effectively and efficiently gather data from across multiple data sources and deliver the results in a readable format.

TETRA, a fusion of several innovative technologies developed by 4th Dimension Data (4DD), enables Automated Workflow and Visual SOA Solutions to be built quickly, intuitively, and with a greatly reduced risk to a project.

TETRA enables the provision of structured and unstructured data from any type of data resource including internal data sources, external data sources, open source data, popular social media applications, web and video content.

TETRA aggregation can also be integrated into existing data sets or various visualization, mapping, or network tools for further analysis using various apps

How Does TETRA Work?

TETRA integrates technologies spanning several different Apps, Services, Applications, and Appliances.

Together, these form a highly flexible, secure, and scalable data management and information fusion infrastructure spanning systems from the desktop, to the enterprise, to the cloud.

Queries with TETRA can be conducted with specific search strings by an end user or can be automated to run at certain timed intervals throughout the day. This allows a user to monitor activity over time while reducing committed resources. TETRA also runs independent applications to extract hits and can build reports and send customer/subscriber

alerts based on user notification preferences.

Reports can be produced in various formats, including XML, PDF, or another selected format.

Expertise in Social Media & Public Records

TETRA is the only data aggregator that collects both social media and public records data into one toolkit.

Utilizing proprietary integrated services, open source information, and Thomson Reuters' products, TR provides access to billions of public, open source, and proprietary records. Additionally, TETRA uses publicly available APIs to search through Twitter, Facebook, Myspace, LinkedIn, Hi5, Orkut, Wordpress.com, and Blogspot.com. Combined with our analytical expertise and coupled with this innovative technology, TR delivers critical, actionable information and decision support tools to our customers.

TETRA Use Example

Using social media to monitor veterans demonstrating signs of PTSD online

With PTSD becoming the leading cause of death among U.S. soldiers, social media becomes a new medium for catching symptoms. Bradley Manning, for example, was known for his public Facebook statuses demonstrating his emotional state before he provided content to WikiLeaks.

TETRA can track publicly available statuses of U.S. soldiers and veterans, and combined with analytic experience, reach out to those who may potentially have PTSD.

The TETRA Platform and Thomson Reuters

Unique processes, access & analytical capabilities relative to real-time Internet, Deep-Web-Data & Social Media

TETRA grants real-time access to

- Public Data
- Social Media Search Tool
- Publically Available Blogs
- Client Specific
- Databases
- Any Dataset With An Available API

TETRA Studio

The Tetra Studio is software that provides experts and non-experts alike with everything they need to fuse data from multiple data sources being searched with process-oriented workflows, web services, and access to all the management items required for the enterprise like security, caching, and audit.

The TETRA Studio facilitates rapid and accurate data and metadata harmonization prior to write and update processes through powerful visualization features.

External data references can automatically trigger write/update processes through powerful automation inherent in the TETRA™ platform.

TETRA Apps

The key to TETRA's flexibility is the ability to fuse various operations together using TETRA apps. Additional data sources, data manipulation, and language translation capabilities can easily be added to the platform in the form of a TETRA app. With a plethora of apps, creating workflows and data services is easy for any user. TETRA allows users to simply drag and drop the app of their choice into the work station, allowing a user with any difficulty level to customize and modify real-time searches.

TETRA does not limit the possible functionality of individual Apps, but rather provides an ideal hosting and runtime environment allowing the App developer to focus on the business logic of their individual App.

TETRA has Apps for the following social media sites

- Twitter
- Facebook
- LinkedIn
- Bing
- Myspace
- Orkut
- Hi5
- Wordpress.com
- Blogspot.com

THOMSON REUTERS BATCH ALERTS

MONITOR PERSONS AND COMPANIES OF INTEREST WITH BATCH ALERTS

Thomson Reuters Batch Alerts is an innovative way to receive updated information on high volumes of people and companies. You can stay on top of changes to the specific information you care about, such as a subject's address or phone number. You will also be informed when a new death, asset, or adverse filing is linked to any of the thousands of subjects you are monitoring - all with one simple request.

Batch Alerts continuously checks for updates on the list of people or companies you submit and alerts you to new or changed records associated with those subjects. Alerts can be received at time intervals you select, whether daily, weekly, or monthly. Those investigating fraud, as well as collections, financial, law enforcement, and insurance agencies, will save time by setting alerts on multiple subjects all at once, instead of entering them one at a time.

BATCH ALERTS: AN EASY PROCESS

The Batch Alerts functionality is incorporated directly into CLEAR[®]. Alert settings are customizable so you control the alert results you want. A customer-friendly input template provides you with control and time-saving repeatability with your input files. You can retrieve and automatically distribute any results to your team, as broadly or narrowly as you wish. Secure File Transfer Protocol (SFTP) input is also available. A dedicated team from Thomson Reuters will help you every step of the way.

Access Batch Alerts easily within the CLEAR application

BATCH ALERTS

CREATED SPECIFICALLY FOR YOUR MONITORING NEEDS

Batch Alerts keeps you updated when a specific attribute, such as an address or phone number, first changes across multiple data sources. You can also be notified whenever a new document, from a single data source such as a lawsuit, bankruptcy, sanction, criminal record, or real estate transaction, is added to our system. Use Batch Alerts to increase accuracy and efficiency in conducting due diligence, tracking down absconders, locating persons of interest, complying with escheat law, or in revenue recovery.

NOTIFICATION EMAILS KEEP YOU INFORMED

When an alert triggers, a notification email will be sent to up to five email addresses that can be set up for each alert subject. The notification email will contain a list of new alerts for each subject, the alert types, and a confidence score for the alert. The notification email will also have a link that will allow the end user to access CLEAR and view the full document for each alert result.

ALERTABLE CONTENT INCLUDES:

- New address alert
- New phone number alert
- Business and employment change
- Company name change
- Corporate status change
- Corporate structure change
- Director, officer, or contact change
- Healthcare sanctions
- Utility records
- Credit header records
- New movers records
- Death records
- Driver license records
- Household records
- Arrest records
- Criminal records
- Global sanctions
- Hunting and fishing licenses
- OFAC records
- Voter registration records
- Bankruptcy records
- Divorce records
- Docket records
- Real property tax assessor records
- Aircraft records
- Carry concealed weapons licenses
- Lawsuits
- Liens and judgments
- Real property preforeclosure records
- Real property transaction records
- State boat registrations
- UCC records
- Watercraft records

BATCH ALERTS RESULTS

Batch Alerts results – presented in an output file or via email linked to a document viewer in CLEAR – deliver each of the significant elements contained in the new records associated with your subjects of interest, including but not limited to:

- Alert type
- Data source
- Addresses
- Phones
- Death indicator
- AKA's
- Social Security numbers
- Key elements of new filings associated with the subject
- Adverse information – criminal offense description, case disposition, additional parties from dockets or liens/judgments, identifying information from OFAC, etc.

MAKE BATCH ALERTS PART OF YOUR WORKFLOW

1. Use CLEAR or Batch Processing on your entire list of subjects to find currently known information, such as addresses and phone numbers.
2. Use Batch Alerts to monitor your list of subjects and stay up to date on any changes.
3. When you get a result, use CLEAR to investigate your subjects further.

The Receiving Party's obligations under this Section [REF _Ref428448582 \r \h * MERGEFORMAT] with respect to any Confidential Information of the Disclosing Party shall not apply to and/or shall terminate if and when the Receiving Party can document that such information: (a) was already lawfully known to the Receiving Party at the time of disclosure by the Disclosing Party; (b) was disclosed to the Receiving Party by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of the Receiving Party has become, generally available to the public; or (d) was independently developed by the Receiving Party without access to, or use of, the Disclosing Party's Confidential Information. In addition, the Receiving Party will be allowed to disclose Confidential Information of the Disclosing Party to the extent that such disclosure is required by law or by the order of a court of similar judicial or administrative body, provided that the Receiving Party notifies the Disclosing Party of such required disclosure promptly and in writing and cooperates with the Disclosing Party, at the Disclosing Party's reasonable request and expense, in any lawful action to contest or limit the scope of such required disclosure.

IN WITNESS WHEREOF, Voyager and Company executed this Agreement as of the Effective Date.

MASTER SERVICES AGREEMENT

1. **Parties.** This Master Services Agreement (this “Master Agreement”) is entered into by Customer (as defined in the Statement of Work (“SOW”) that this Master Services Agreement governs) and Dataminr, Inc. (“Dataminr”). Customer must execute at least one SOW to purchase access to Dataminr services (individually and collectively, “Services”). To purchase additional Services, Customer must execute an additional SOW (which will be numbered sequentially, e.g., “SOW 1”, SOW 2”, and so on) that references this Agreement and sets forth the specific Services to be provided to Customer. This Master Agreement and all SOWs entered into by the parties pursuant to this Master Agreement are collectively referred to herein as the “Agreement”.

2. **Description of Services.** Dataminr provides a software-as-a-service solution that, among other things, provides real-time alerts (“Alerts”) sourced from publicly available data, information and materials from social media platforms, including public tweets and other public content made available through Twitter (collectively, the “Third Party Materials”).

3. **Provision of Services.**

a. Customer’s Affiliates may purchase access to Services under the terms and conditions of this Master Agreement by mutually executing a SOW with Dataminr; provided that Customer shall remain responsible for its Affiliates’ compliance with all of the terms and conditions of this Agreement. An “Affiliate” of Customer is an entity that is controlled, controlled by, or is under common control with Customer.

b. Dataminr will make the Services purchased by Customer available to Customer in accordance with this Agreement. Customer’s Authorized Users (as defined below) may access and use the Services solely for Customer’s internal purposes. An “Authorized User” is any employee or contractor of Customer or Customer’s Affiliate (if such Affiliate has executed a SOW with Dataminr). The number of Authorized Users shall be no greater than the number of licenses set forth on the applicable SOW. Customer shall be fully responsible for each Authorized User’s use of the Services and shall indemnify Dataminr from any liability incurred by Dataminr as a result of an Authorized User’s breach of this Agreement.

c. Customer and each Authorized User may need to register for an account to access the Services. Customer shall ensure that its Authorized Users provide accurate, current and complete account information and promptly update this information if it should change. Usernames and passwords for the Services (collectively, “Authentication Credentials”) are personal to each Authorized User and cannot be shared or used by more than one Authorized User. Customer shall promptly request Dataminr in writing to deactivate the Authentication Credentials of any Authorized User that is no longer employed or engaged with Customer. Customer will be responsible for the confidentiality and use of all of its Authentication Credentials.

4. **Service Levels.** Dataminr shall provide the Services in accordance with the Service Level Agreement (“SLA”) available at www.dataminr.com/legal/sla.

5. **Third Party Materials.** Customer acknowledges and agrees that Customer’s use of the Third Party Materials shall be subject to (and Customer agrees it is bound by) the third party terms and conditions (collectively, the “Third Party Terms”) found at www.dataminr.com/thirdpartyterms (the “Third Party Terms Site”). The Third Party Terms may be modified from time to time by Dataminr and/or its third party licensors and data vendors at any time in their sole discretion by posting new terms at the Third Party Terms Site. These Third Party Terms are hereby incorporated into this Agreement. Customer is responsible for checking the Third Party Terms Site for updates, and any use by Customer of the Services following a change to the Third Party Terms shall constitute acceptance of such change. If Customer does not agree to the amended Third Party Terms, Customer must stop accessing and using the Services. Customer acknowledges that Dataminr does not own, create or control the Third Party Materials and that the Third Party Materials delivered to Customer by the Services may include content that is objectionable to Customer or its Authorized Users. Dataminr disclaims and makes no representation or

warranty with respect to the Third Party Materials or any portion thereof and assumes no liability for any claim that may arise with respect to the Third Party Materials or Customer's use, misuse or inability to use the same.

6. **Restrictions.** Customer will not use or make available the Services in a manner that allows any person or entity other than its Authorized Users to access or use the Services or any Third-Party Materials provided through the Services or otherwise permit unauthorized access to the Services. Customer shall not, and shall ensure that its Authorized Users do not: (a) modify, translate, or create derivative works of the Services, any underlying ideas, technology, or related software of the foregoing; (b) allow access to the Services by any persons other than Authorized Users; (c) rent, sell, lease, distribute, publish, circulate, disseminate, pledge, assign, or otherwise transfer the Services to any persons other than Authorized Users; (d) disassemble, decompile, reverse engineer, or translate any software related to the Services, or otherwise attempt to discover any such software source code, object code, or underlying proprietary information, except to the extent that such restriction is prohibited by applicable law; (e) remove or otherwise alter any proprietary notices or labels from the Services or any portion thereof; (f) interfere with, modify, disrupt or disable features or functionality of the Services, or defeat, avoid, bypass, remove, deactivate or otherwise circumvent any software protection or monitoring mechanisms of the Services; (g) knowingly or negligently transmit in any Services or Third Party Materials, viruses, Trojan horses, worms, time bombs, corrupted files, or other computer programming routines intended to detrimentally interfere with or expropriate any systems, data, personal information, or property of another (and upon discovery of any such transmission, Customer shall immediately inform Dataminr of said transmission at legal@dataminr.com and Customer shall cooperate in good faith to remedy and limit the harm and injury done by said transmission); (h) provide use of the Services on a service bureau, time-sharing, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Services or "frame" or "mirror" the Services in any way; (i) access the Services or Third Party Materials in order to build a similar or competitive product or service to the Services or Dataminr's third party licensors and data vendors' services and/or products; (j) use the Services, by itself or in conjunction with other data sources, in any way including without limitation through data brokers or any other advertising or monetization services, to target individuals except with Dataminr's advance written approval; or (k) use the Services or the Third Party Materials in violation of any applicable laws. During the Term, Dataminr or its representatives may, in Dataminr's sole discretion, audit Customer's compliance with this Section, provided that no more than one audit may be conducted in any twelve-month period. Customer shall reasonably cooperate with Dataminr's audit and provide access to records, equipment, information and personnel requested by Dataminr related to Customer's use of the Services. Dataminr may conduct audits only during Customer's normal business hours and in a manner that does not unreasonably interfere with Customer's business operations.

7. **Term.** Unless earlier terminated, this Agreement shall commence upon the date that the first SOW entered into pursuant to this Master Agreement is executed and shall continue in full force and effect until all outstanding SOWs are completed, expired, or terminated in accordance herewith (the "Term").

8. **Fees.** Customer shall pay Dataminr the fees set forth on each applicable SOW (the "Fees") in accordance with this Section 8. Except as otherwise specified on an applicable SOW, Fees due under a SOW will be invoiced upon execution of such SOW. Fees are due within thirty (30) days of the date of the invoice. Any Fees past due hereunder shall bear interest at a rate of 1.5% per month (or, if lower, the maximum rate permitted by applicable law). Except where expressly stated otherwise, all Fees paid to Dataminr hereunder are nonrefundable. Any amounts payable hereunder are exclusive of all sales taxes, value added taxes, duties, use taxes, withholdings and other governmental assessments. Customer shall pay all such taxes and governmental assessments associated with the Services (excluding taxes based on Dataminr's net income), unless Customer provides to Dataminr a valid tax-exempt certificate. Dataminr may change the Fees from time to time hereunder by providing at least forty-five (45) days' prior notice to Customer; provided that, such change in Fees will not go into effect until the commencement of the next renewal term of the applicable SOW.

9. **Suspension.** Dataminr may immediately suspend access to the Services upon (a) Customer's violation of this Agreement (including any SOW or the Third Party Terms) or (b) if Dataminr reasonably determines that Customer is using the Services or the Third Party Materials in violation of applicable law or in an unauthorized or fraudulent manner. Dataminr will restore Customer's access to the Services after the reason for the suspension has been resolved. Customer shall be responsible for any Fees accrued during any period of suspension.

10. **Termination.** Without limiting the foregoing, either Party may terminate this Master Agreement or an applicable SOW by written notice to the other Party in the event that such other Party materially breaches this Master Agreement or the SOW and does not cure the breach within thirty (30) days of such notice. Termination of one SOW shall not automatically result in the termination of any other SOW. Termination of this Agreement as a whole shall result in the termination of all SOWs. Upon termination of this Master Agreement or a SOW, (a) the rights and licenses granted to Customer under this Master Agreement or such SOW, as applicable, shall terminate and Customer shall immediately cease use of the applicable Services and Third Party Materials and (b) Customer shall return to Dataminr or destroy (at Dataminr's option) anything Customer has obtained in connection with the applicable Services, together with any and all documents, notes and other materials respecting such Services, including, without limitation, all Confidential Information of Dataminr and all copies and extracts of the foregoing. If Customer is destroying Dataminr's Confidential Information and other materials, Customer shall provide written certification of this destruction to Dataminr. Sections 5, 6, 8, 10, 11, 13, 17, 18, 20, 21, 22 and 24 shall survive termination or expiration of this Agreement.

11. **Confidential Information.**

a. "Confidential Information" means all non-public information acquired by a party (the "Receiving Party") in connection with this Agreement or from the other party (the "Disclosing Party") that (i) is marked "confidential" or "proprietary", (ii) the Disclosing Party orally or in writing has advised the Receiving Party is confidential, or (iii) based on the nature of the material or the circumstances under which it was disclosed, a reasonable person would believe to be confidential at the time of disclosure. "Confidential Information" includes but is not limited to pricing information, computer programs, names and expertise of employees and consultants, know-how, business proposals, plans and operations, and other technical, business, customer, financial and product development information of Disclosing Party. Without limiting the generality of the foregoing, the terms of this Agreement (including pricing) and the Services are Confidential Information of Dataminr, and any of Customer's data or information provided by Customer or inputted by Customer into the Services, including Customer's alert parameters and watchlists (collectively, the "Customer Content") is Confidential Information of Customer. Confidential Information does not include information: (i) that at the time of disclosure is publicly available or becomes publicly available through no act or omission of the Receiving Party; (ii) that is or has been disclosed to the Receiving Party by a third party who is not under (and to whom the Receiving Party does not owe) an obligation of confidentiality with respect thereto; or (iii) that is or has been independently acquired or developed by the Receiving Party. Additionally, the obligations of this Section 11 shall not apply if the Receiving Party discloses Confidential Information of the Disclosing Party to the extent disclosure is required by court order or is otherwise required by law, on condition that, to the extent permitted by law, notice of such requirement by law for such disclosure is given to the Disclosing Party prior to making any such use or disclosure.

b. The Receiving Party will not use any Confidential Information of the Disclosing Party for any purpose other than performing its obligations or exercising its rights under this Agreement, and will disclose the Confidential Information of the Disclosing Party only to Receiving Party's employees, agents and contractors on a "need to know" basis, provided such persons are under an obligation with the Receiving Party to maintain the confidentiality of such Confidential Information, which obligation is consistent with, and no less protective of Confidential Information, than the terms of this Section 11. The Receiving Party will protect the Disclosing Party's Confidential Information from unauthorized use, access, or disclosure in the same manner as the Receiving Party protects its own confidential or

proprietary information of a similar nature and with no less than reasonable care. Each party shall be responsible for any breach of this Agreement by any party to whom it has disclosed Confidential Information. Each party shall use all reasonable efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Receiving Party shall advise Disclosing Party immediately in the event Receiving Party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Agreement and each Party will cooperate with the other Party in seeking injunctive or other equitable relief against any such person. Each Party acknowledges that in the event of any breach or threatened breach of this Section by either Party, the other Party may suffer irreparable harm and not possess an adequate remedy at law. Accordingly, each Party shall have the right to seek injunctive or other equitable relief to restrain such breach or threatened breach.

c. Notwithstanding anything to the contrary, nothing in this Agreement restricts Dataminr from using for analytics, research, product development, marketing and other business purposes any information about Customer's usage of the Services and the Customer Content on an aggregated and de-identified basis (the "Aggregated Data"); provided that, such information cannot reasonably be used to identify Customer and Dataminr does not publicly disclose any of the Customer Content in violation of this Section 11. Dataminr retains all rights, title and interest to in the Aggregated Data (including intellectual property rights).

d. The obligations regarding Confidential Information under this Section 11, including all trade secrets of a Party, survive the expiration or termination of this Agreement.

12. **Data Transmission.** Customer understands that it is responsible for securing an appropriate Internet connection, equipment and compatible browser software in order to utilize the Services. Customer acknowledges and understands that Dataminr is not responsible whatsoever (including under the SLA) for Services that are delayed, lost, intercepted, or stored across networks not owned and/or operated by Dataminr, including but not limited to, the Internet and Customer's network.

13. **Intellectual Property.**

a. As between the Parties, Dataminr owns all right, title and interest to (a) Dataminr's trademarks, trade names, service marks, logos and slogans (collectively, the "Dataminr Marks") and (b) the Services, including all documentation, algorithms, software, firmware, data, databases or other technology utilized, and all related intellectual property rights in any of the foregoing. This Agreement does not confer on Customer any intellectual property or other rights to the Services other than its right to use under Section 3 and does not confer on Customer any rights to the Dataminr Marks.

b. As between the parties, Customer owns all right, title and interest to the Customer Content. This Agreement does not confer on Dataminr any intellectual property or other rights in relation to the Customer Content other than its right to use in accordance with this Agreement.

c. The parties expressly acknowledge that, as between the parties and Twitter, Twitter and/or its end users own and retain all worldwide right, title and interest in and to all Twitter content and services (and any derivative works or enhancements of either), including, but not limited to, all intellectual property rights therein.

14. **Security.** Dataminr has established, and will maintain during the Term, commercially reasonable administrative, physical and technical safeguards for the protection of the Customer Content commensurate with industry standards for the services provided hereunder. Those safeguards will include measures for preventing unauthorized access to or use, modification or disclosure of the Customer Content.

15. **Insurance.** Throughout the Term, Dataminr shall carry and maintain insurance commensurate with the types and amounts of insurance carried by service providers comparable to Dataminr in order to reasonably protect the parties from the liabilities that may arise out of the Services or this Agreement.

Dataminr shall provide its then-current certificates of insurance to Customer upon written request, provided, such certificates of insurance shall be considered Confidential Information of Dataminr.

16. **Beta Tests.** In its sole discretion, Dataminr may contact Customer to review and evaluate one or more features prior to commercial release for the purpose of identifying program errors and receiving feedback (collectively, “Beta Tests”). Customer may need to execute additional terms and conditions which may supersede this Agreement to participate in any Beta Tests.

17. **Feedback.** During the Term, Customer may provide feedback, requests, enhancements, ideas or suggestions regarding the Services or any Beta Tests (the “Feedback”). Customer acknowledges and agrees that all Feedback is the sole property of Dataminr. To the extent that Dataminr cannot claim exclusive rights in the Feedback by operation of law, Customer expressly grants to Dataminr a non-exclusive, royalty-free, fully paid-up, perpetual, irrevocable license, to fully exploit such Feedback.

18. **Disclaimer.** DATAMINR PROVIDES NO WARRANTIES OF ANY KIND WITH RESPECT TO THE THIRD PARTY MATERIALS. EXCEPT FOR THOSE EXPRESS WARRANTIES PROVIDED HEREUNDER, THIS AGREEMENT, THE SERVICES AND ANY OTHER PRODUCTS AND/OR SERVICES PROVIDED HEREUNDER ARE PROVIDED “AS IS” AND WITHOUT WARRANTY OF ANY KIND. DATAMINR DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES OR CONDITIONS ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE. DATAMINR PROVIDES NO WARRANTIES AND EXPRESSLY DISCLAIMS ANY WARRANTIES THAT THE SERVICES, THE THIRD PARTY MATERIALS OR ANY OTHER PRODUCTS OR SERVICES PROVIDED HEREUNDER WILL MEET CUSTOMER’S REQUIREMENTS OR THAT USE OF SUCH MATERIALS WILL BE ERROR-FREE, UNINTERRUPTED, VIRUS-FREE OR SECURE.

19. **Export, Import and Government Restrictions.** Customer is advised that the Services (and any accompanying software) are subject to U.S. export laws as well as the laws of the country where it is delivered or used. Customer agrees to abide by all of these laws and restrictions on selling, leasing, using, or transferring the Services to restricted locations or restricted end-users.

20. **Limitation of Liability.** TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, NEITHER THE PARTIES NOR THEIR SUPPLIERS OR LICENSORS SHALL BE RESPONSIBLE OR LIABLE WITH RESPECT TO THIS AGREEMENT UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER THEORY (A) FOR ANY INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO LOSS OF REVENUES AND LOSS OF PROFITS, AND (B) DATAMINR WILL NOT BE LIABLE TO CUSTOMER OR ANY OTHER PERSON FOR ERROR OR INTERRUPTION OF USE, LOSS OR INACCURACY OR CORRUPTION OF DATA, COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES, RIGHTS, OR TECHNOLOGY, IN EACH CASE, EVEN IF SUCH PARTY WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SUBJECT TO DATAMINR’S LIMITATION OF LIABILITY WITH RESPECT TO THIRD PARTY MATERIALS SET FORTH IN SECTION 5, WITH RESPECT TO EACH SOW, NEITHER DATAMINR NOR ITS SUPPLIERS OR LICENSORS SHALL BE RESPONSIBLE OR LIABLE TO CUSTOMER OR ANY OTHER PERSON FOR ANY DAMAGES ARISING UNDER SUCH SOW THAT, IN THE AGGREGATE, EXCEED THE FEES PAID (OR PAYABLE) TO DATAMINR UNDER SUCH SOW DURING THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM. Notwithstanding the foregoing, these Section 20 limitations will not apply to a Party’s indemnification obligations or breaches of confidentiality obligations, gross negligence or willful misconduct or Customer’s breach of Section 6.

21. **Indemnification.**

a. Dataminr will indemnify, defend and hold Customer, its affiliates, officers, directors, and employees harmless from any and all amounts actually paid to third parties in connection with claims, liabilities, damages and/or costs (including but not limited to, reasonable attorneys' fees) (collectively, "Losses") relating to any claim brought by a third party alleging that the Services, as provided by Dataminr to Customer under this Agreement and used within the scope of this Agreement, infringes or misappropriates any U.S. patent or copyright of such third parties (each, an "Infringement Claim"), provided that Customer: (i) promptly notifies Dataminr in writing of the Infringement Claim (provided that any failure to provide prompt notification shall not relieve Dataminr of its indemnification obligations unless such failure results in material prejudice to Dataminr); (ii) grants Dataminr the option to assume sole control of the defense and settlement of the Infringement Claim; and (iii) provides Dataminr, at Dataminr's expense, with all assistance, information and authority reasonably required for the defense and settlement of the Infringement Claim. In the event of any such Infringement Claim, Dataminr may, at its option: (A) obtain a license to permit Customer the ability to continue using the Services; (B) modify or replace the relevant portion(s) of the Services with a non-infringing alternative having substantially equivalent performance within a reasonable period of time; or (C) terminate this Agreement by providing notice to Customer, and provide Customer with a refund of any prepaid, unearned Fees (prorated on a daily basis for the then-current billing period for the applicable SOW). For the avoidance of doubt, Dataminr shall have no obligation to provide any indemnification obligations of any kind to Customer regarding the Third Party Materials.

b. Notwithstanding the foregoing, Dataminr will have no liability for any Infringement Claim to the extent that it results from: (i) data accessed or generated by the Services (including, without limitation Third Party Materials); (ii) the combination, operation or use of the Services with equipment, devices, data or software not provided or approved by Dataminr; (iii) Dataminr's compliance with any specifications or requirements provided by Customer; or (iv) Customer's use of the Services or Third Party Materials other than in accordance with this Agreement. Customer shall indemnify and hold harmless Dataminr from any and all Losses resulting from Customer's actions or omissions as detailed in the preceding sentence. The indemnification obligations set forth in this Section 21 are Dataminr's sole and exclusive obligations (and Customer's sole and exclusive remedies) with respect to infringement or misappropriation of intellectual property rights of any kind.

22. **Third Party Beneficiaries.** Twitter is an express third party beneficiary to this Agreement for the purposes of enforcing Twitter's Third Party Terms against Customer. Other than Twitter, there are no other third party beneficiaries to this Agreement and the Agreement is only for the benefit of Customer and Dataminr.

23. **Publicity.** Dataminr may include Customer's name in customer lists in Dataminr's promotional or marketing materials.

24. **Miscellaneous.**

a. No failure or omission by a Party in the performance of any obligation under this Agreement shall be deemed a breach of this Agreement or create any liability if such failure or omission arises from any cause or causes beyond the reasonable control of such Party that cannot be overcome through reasonable due diligence, such as strikes, riots, war, acts of terrorism, acts of God, invasion, fire, explosion, floods, and acts of government or governmental agencies or instrumentalities (collectively, "Force Majeure Event"); provided that the party seeking to delay its performance gives the other party written notice of any such Force Majeure Event as soon as practicable after the discovery of the Force Majeure Event, and further provided that such party uses its good faith efforts to overcome the Force Majeure Event (and, in any event, such party will begin or resume performance as soon as practicable after the Force Majeure Event has abated).

b. If any provision of this Agreement is found to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable.

- c. This Agreement is not assignable, transferable or sub-licensable by either Party, whether voluntarily, involuntarily, by operation of law or otherwise, except with the other Party's prior written consent. Notwithstanding the foregoing, Dataminr may assign this Agreement to an Affiliate or any successor to substantially all of the business or equity of Dataminr without the consent of Customer.
- d. No agency, partnership, joint venture, or employment is created as a result of this Agreement, and neither Party shall have any authority of any kind to bind the other Party in any respect whatsoever.
- e. This Agreement shall be governed by the laws of the State of New York, U.S.A. without regard to its conflict of laws' provisions.
- f. Any legal suit, action or proceeding arising out of or related to this Agreement or the licenses granted hereunder shall be instituted in the state and federal courts located in Manhattan, New York, and the Parties hereby irrevocably submit to the personal jurisdiction of such courts and agree not to object to the venue of such courts.
- g. No failure or delay by either Party in exercising any right, power or remedy under this Agreement shall operate as a waiver of any such right, power or remedy. No waiver of any provision of this Agreement shall be effective unless in writing and signed by both Parties. Any waiver by any Party of any provision of this Agreement shall not be construed as a waiver of any other provision of this Agreement, nor shall such waiver operate or be construed as a waiver of such provision respecting any future event or circumstance.
- h. All notices under this Agreement shall be in writing and shall be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or overnight mail or delivery (return receipt requested), to the person and address listed on an applicable SOW, and, for Dataminr: Attn: Legal Department, Dataminr, Inc. 6 E. 32nd Street, 2nd Floor, New York, NY 10016 and legal@dataminr.com. Notwithstanding the foregoing, Dataminr may provide Customer with operational notices regarding the Services (e.g., planned maintenance periods) by email to the email address on file for Customer.
- i. This Master Agreement and all SOWs are the complete and exclusive statement of the mutual understanding of the Parties and supersede and cancel all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed by both Parties, except as otherwise provided herein.
- j. This Agreement may be amended or modified only by a writing, signed by both Parties. This Master Agreement and any amendments or SOWs hereunder may be executed in counterparts, each of which shall be deemed an original, and all of which, when taken together, shall constitute one and the same instrument. Signatures that are transmitted by mail, hand delivery, facsimile and/or email to the other Party or, if applicable, counsel of record for the other Party, will have the same binding effect as any original signature.
- k. In the event of conflict between this Master Agreement and any SOW, the Master Agreement shall control and prevail. In the event of any conflict between this Master Agreement or any SOW and any Third Party Terms, the Third Party Terms shall control and prevail but only with respect to the specific Third Party Materials governed by the conflicting Third Party Terms.
- l. The Services are a "commercial item" as that term is defined at 48 C.F.R. 2.101. Any use, modification, derivative, reproduction, release, performance, display, disclosure or distribution of the Services by any government entity is prohibited. Additionally, any use by U.S. government entities must be in accordance with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4. Contractor/manufacturer is Dataminr, Inc. with offices at 6 East 32nd Street, 2nd Floor, NY, NY 10016.

I just spoke with Lt. [redacted] at USPP. According to the organizer, they are expecting 1,500 people for this event. This group, The Palm Collective, seem to be generating publicity for their event:

Good Morning All,

My command is hearing rumblings and getting inquiries about large demos planned for this Saturday. We aren't tracking anything major at this time. Do any of you have anything different from our intel?

Additionally – please keep this CLOSE HOLD as we did not announce this publicly yet – but MPD will be releasing the BWC videos for all MPD involved shootings and deaths that have occurred over the past few years tomorrow afternoon so this may lead to additional protests and demos popping up.

Thank you,

FYSA: This certainly doesn't mean she's not out and about in the protests. Back in June, she posted pictures of her older child sleeping in the backseat of a car at one of the protests.

Good Afternoon,

I am forwarding this email per Lt. [REDACTED] out of office reply. I am trying to determine if there is any intel on the group or groups planning to protest in DuPont on Saturday. Specifically, I am trying to find out if there is any indication they may travel away from their permitted area and possibly make their way to the DC federal courthouse, as the protest is in solidarity with the Portland protests involving the federal courthouse in that city. Thank you very much for any assistance you can provide.

Good Afternoon,

I was wondering if you are tracking the protests set for Saturday in DuPont Circle by the PNW Youth Liberation Front? The protests states it is in solidarity with the Portland protests, so I am trying to determine if there is any intel that the group may make their way to either the Superior Court or DC District Court, as the Portland protests largely involve the federal courthouse. As always, I appreciate any info you may be able to provide regarding this event. Thanks again for all your help.

I pushed that event out to my command as being at 6:30 AM!!! Not sure what I was thinking for that. But then I just checked the Twitter link and it says that 13 hours ago they said it was postponed. Not sure what is going on, but I think I'll just let my people think the event occurred at 6:30 this morning. 💎

Hey (b) (6), (b) (7),

I've got one already listed on our report for Dupont Circle but it is different from this one. Do you have the url or link you can send me for the FTP March?

Thanks,

I think this Saturday is going to be much like last Saturday. So far we're looking at the following:

1200 - Lincoln Memorial - Nationwide March for Black Lives
1500 - African American Museum - DemandDC Rally and March
1630 - Meridian Hill - Take Back Our Streets Rally and March
1800 - DuPont Circle - F*** the Police Rally and March

Good Morning All,

My command is hearing rumblings and getting inquiries about large demos planned for this Saturday. We aren't tracking anything major at this time. Do any of you have anything different from our intel? Additionally – please keep this CLOSE HOLD as we did not announce this publicly yet – but MPD will be releasing the BWC videos for all MPD involved shootings and deaths that have occurred over the past few years tomorrow afternoon so this may lead to additional protests and demos popping up. Thank you,

I saw this one but there are already like 3-4 other protests at Malcom X Park around the same time so I think they will all end up merging into one:

1500 hours: According to (b) (7)(E) information, DCProtests will assemble at Malcolm X Park to conduct a march. The destination or number of protests is unknown.
<https://twitter.com/LurkingInca/status/1278785022913372166>

1600 to 1900 hours: According to (b) (7)(E) information, Funds 4 Justice will assemble at Malcolm X Park, (Meridian Hill), to raise money for the Equal Justice Initiative. (6) Participants have committed to this event. (1) Participants is interested.

However, since you took the time to find it and send it to us I think I might add to so our bosses know they're getting their money's worth out of us ;-)

I think this is a "new" one. At least my list didn't have an event that started at 1700 hours.

Good afternoon,

Our open source group found this for today. I'm having an office go to the embassy to check if they arrived yet.

Thank you

On 07/27/20 from 2:00 PM to 7:00 PM the groups Kabattan Alliance (NRID), Migrante (NRID), GABRIELA (RID), Katarungan (NRID), Anakbayan (NRID), Malaya Movement (RID), and Bayan USA (RID) will host a demonstration called, "The People's State of the Nation Address – Washington, DC." The group plans to march and have a car caravan from Howard University Hospital to the Philippine Embassy. The purpose of the demonstration is to "Resist the US-Duterte Virus, Fight State Terrorism!" There was no indication of civil disobedience. According to Facebook 58 are going and 71 are interested.

Yep, sure do. Looks like it is starting at Eastern High School at 1600 hrs, going past Senator McConnell's residence on Capitol Hill, then past Trump Hotel and stopping at WH. The group plans on laying out body bags in front of WH (don't know exactly where though). The group is estimating 200 vehicles but we think that is optimistic.

We listed it on our daily report today:

Wednesday, May 20, 2020:

1600 to 2000 hours: According to open source information, Move On.org, along with other activist groups will assemble at Eastern High School and proceed to the White House, while passing Senator McConnell's residence and the Trump Hotel, to conduct a 200-car political funeral procession for Covid19 victims. Good evening All,

Could you please conduct immediate research with your partners (Park Police, USCP, etc.) regarding possible COVID national day of mourning protests scheduled for tomorrow. Alleged news reports indicated that organizers are expected to have a 200+ car "funeral" process in DC and placing body bags in front of the WH. The protests are expected at Bedminster as well. Thank you!

For situational awareness I am sending you a couple of Twitter Profiles I came across while searching for videos of the civil disobedience that were taking place in Lafayette Park. The most interesting of the group being DC_oracle @oracle_dc which provides public maps with information on safe zones. The profile bio requests that people "please DM with intel or if you need urgent help." This profile provides information on law enforcement presence as well as potential egress routes for protesters. The profile was created in June of 2020, currently has 3,585 Followers and has made 874 tweets/retweets. Screenshots attached for your review.

The second twitter handle of interest, Abolish The Police @alloutdc202, claims to be a collective of DC anti-fascist activists. The profile has 2,450 followers. I am attaching a screenshot of some posts of interest. I've done a brief skim of the profile and have not come across any posts inciting violence or any threats towards any USSS protectees/facilities. The profile has posted/retweeted timely updates on the situation in Lafayette Park and earlier today encouraged people to show up to Lafayette Park to help hold the line for the Black House Autonomous Zone (BHAZ).

The following Twitter profiles post and retweet similar posts as mentioned above:

- 1.) FreedomFightersDC, @FFD2020, 11.6 K Followers
- 2.) BlackLivesMatter DC, @DMVBlackLives, 64.4 K Followers

Our HQ JTTF folks have a few questions about ANTIFA being spotted in DC this past weekend. I know you guys were tracking some splinters of known ANTIFA or ANTIFA supporters around, but would you have anything you can share with us on this? I think they just want to make sure we are all on the same page.

Thanks for your help this weekend.

I'm doing a quick check to make sure we have consistency of law enforcement information with MPDC and maybe others – before we have our DIR briefings.

PID didn't report any indicators of Antifa support in the crowds (tactics, logos, flags....)

I don't remember seeing anything from WFO JTTF either.

However, USSS/CSD reported that MPDC advised they were able to confirm that a portion of the protestors were "known Antifa members" utilizing "homemade shields made from cutting plastic drums in half, hard hats and umbrellas to provide concealment for other members who were throwing objects at police. The protestors also used rope stretched across the street in an attempt to trip officers." This caption accompanied the below image...

At this time, USSS doesn't have any information indicating our folks witnessed Antifa support in the crowds. Does WFO JTTF agree with this? Did your FBI folks generate anything to contradict this?

Thanks so much for your help.

During routine SMA on demonstrations, the following activity was located on an open Telegram channel:

- Protestors are suggesting using balloons filled with paint to throw at police lines and vehicles.
- Protestors are reporting the locations of Long Range Acoustic Devices (LRAD), and how to protect against them throughout cities in the U.S. Nothing specific to the NCR was located.
- There were also four demonstration meet-up locations posted for the NCR. At the end of the post, the subject claimed, “expect action at Lafayette Square all day!” No further details were available.
