[Announcer]: Twelve days after Judge Harwood was sworn into the Circuit Court his father, a former Supreme Court Judge, passed away.

[Harwood]: "Flipping through my fathers bible, I came across a passage he had circled:

"Thou shall not judge any man before you hear him and know what he do."
 [Announcer]: This great principle of justice: assuring a

whole search for the truth. Equal justice for all. That's Judge Harwood today. Just as

it always guided his father. Judge Harwood. 38 years of experience. A great

Supreme Court Justice from day one.
