Some lawyers like to deal in fine print, but as your Supreme Court Justice

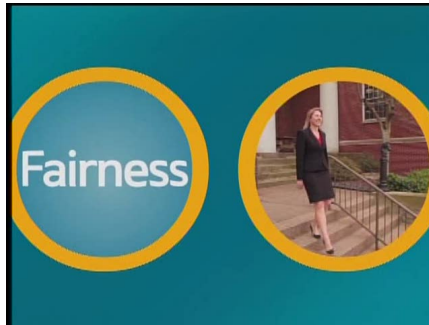

my plan will make the law crystal clear

That's why I have proposed my balanced court initiative

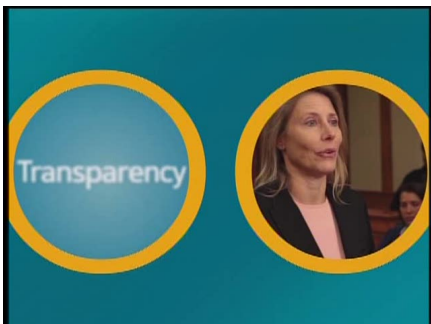

which removes the judge when there is a conflict of interest

I visited all fifty-five county courthouses

so I could learn first hand how I could make our courts fair and effective

My transparency initiative ensures that judges don't communicate in secret with those who come before the court

[PFB] I'm Tish Chafin, and I'll make sure nothing comes between you and a clear path to justice
