[Man]: "Hey Al, what we gonna to do wit' all these defective baby carriers? Sell 'em to the third world?" [AI]: "Nah, we gonna ship 'em to

Michigan. That Supreme Court makes it almost impossible for anyone to

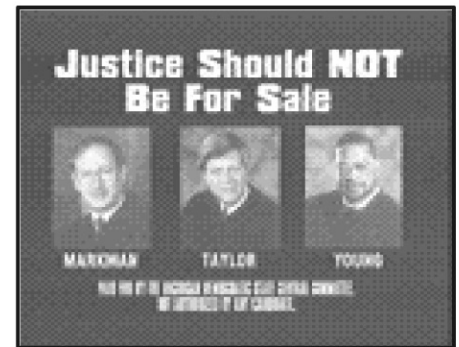

sue us if one of their kids gets hurt by one of these, even if we know they're dangerous."

[Man]: "Gee, dat ain't right. Glad I don't live there."

[Announcer]: Michigan Supreme Court only protects big business and the insurance

companies. No Markman, no Taylor, no Young. Justice should not

be for sale.
