[Announcer]: While on parole a man sexually molested a seven year old girl. He had seven

earlier convictions and had molested before. Judge E. Thomas Fitzgerald

gave that repeat pedophile less than the minimum sentence. Just a

slap on the wrist. And this wasn't the first time. Fitzgerald has voted to reverse

criminal convictions more than fifty times. And now he wants us

to put his team on the court? That's scary. Fitzgerald, Robinson and Thomas

weak on crime. Wrong for the court. Wrong for our kids.
