[Robinson]: "For over 20 years, I have been fighting for Michigan families in our legal system. I've learned that all people ask for

is fairness. But today our Supreme Court is packed with politicians,

who side time and again with big insurance companies. My opponent has

even been willing to ignore the law just to be sure that special interests win.

That's wrong. I am Marietta Robinson. I want to change the Supreme Court

and give our families a fair shake, because where does it say that only the rich

and powerful deserve justice?"
