[Announcer]: This is Jess Dickinson. He claims he was not fined or

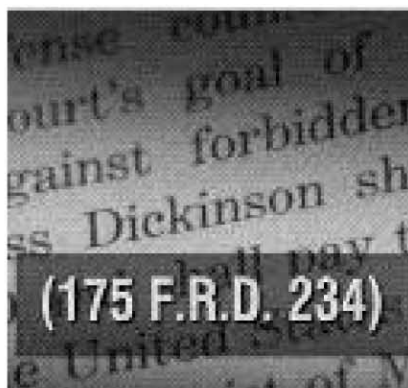

sanctioned by the U.S. Court. He even argued the judge had changed his decision.

This is the judges' opinion that fined Jess Dickinson for a bad faith violation of the rules of

professional conduct for lawyers. This is the law and the sanctions and fines are still there.

In fact, the ruling against Jess Dickinson was cited in another case

a full year later. Jess Dickinson. The record questions his

competence. His denial questions his character.
