[Announcer]: This is a voter alert. This commercial for Kay Cobb was paid for by special interest groups trying to buy influence with corporate

money. In a move that Osoto County Times called ill-informed and off-base,

Washington lobbyists are trying to buy political appointee Kay Cobb a seat

on our Supreme Court, even though she has almost no judicial experience and

has never prosecuted a case. Let's send Kay Cobb and her special interest

friends a message. Our Supreme Court is not for sale. Elect Percy Lynchard,

Mississippi Supreme Court.
