[Announcer]: As liberal judges try to legislate from the bench, Georgia needs common sense

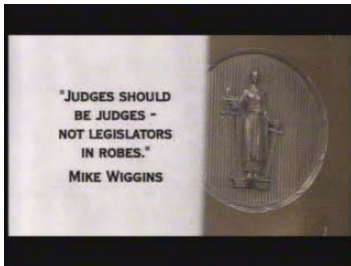

jurists on our Supreme Court. It's time to elect judges like Mike Wiggins.

A Bush appointee, Mike Wiggins supervised terrorism litigation

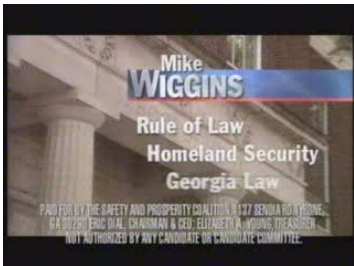

at the Department of Homeland Security. Mike Wiggins knows judges

should enforce existing laws, not make new ones. No wonder

Wiggins is endorsed by the Fraternal Order of Police. Mike Wiggins,

first in his class at Georgia Law, he'll put families first on Georgia's Supreme Court.
