The numbers are not good guidry

The voters don't like that you took \$98,000 from greedy personal injury lawyers

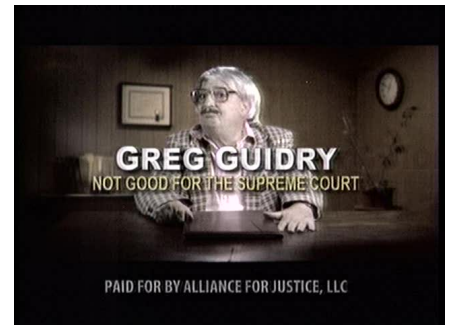

They don't like that you took money from convicted felons like Derek Shepard who just pled guilty to fraud

And they don't like that you took money from a bail bondsman who said under oath that they made political contributions to judges as bribes

Not good Guidry

[PFB] Greg Guidry, not good for the supreme court. Not good at all Guidry
