[Blake Bailey]: "There was a study that documented a serious bias within our court system.

Finding that the Texas Supreme Court ruled in favor of corporations or the insurance industry

87 percent of the time. I'm Blake Bailey,

I'm seeking Place 9 on the Texas Supreme Court to restore balance.

We don't want unfair decisions against insurance companies.

We simply want to have the court honor every American's right to a trial by jury.

That's why I'm seeking Place 9 on the Texas Supreme Court, to defend the rights of others.
