[Announcer]: What do you expect first from our courts? Safe streets, safe places to raise our families.

Republican judges share that value and that belief. In Harris County

crime is falling because experienced Republican judges are tougher

on repeat criminals. Republican judges are getting criminals off the streets

and into jails and keeping them there. For safer streets,

safer homes, a safer Harris County: vote for these Republicans November 5th.

[PFB: Harris County Republican Party]
