[Announcer]: Frivolous lawsuits are causing our car insurance bills to go higher and higher.

25% percent higher than some neighboring states. And Justice Warren

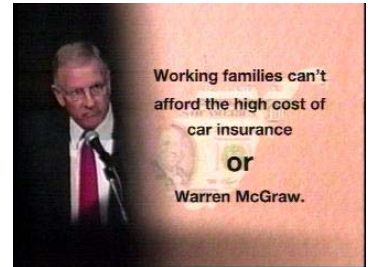

McGraw and his greedy trial lawyer friends are to blame.

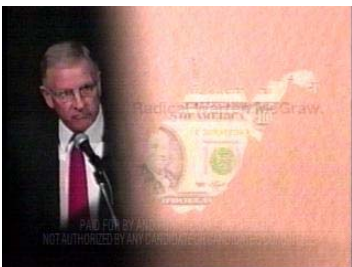

The lawyers give McGraw thousands of campaign dollars. Then McGraw rules for them.

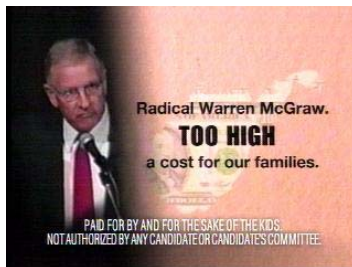

The lawyers get rich and you pay the price.

Working families can't afford the high cost of car insurance or Warren McGraw.

Radical Warren McGraw- too high a cost for our families.
