[Announcer]: Wouldn't it be nice to travel the country, increase your own expense

account, and boot yourself a raise of 130%,

all paid by tax payers. In the State Legislature,

Jim Rowe did just that while raising your taxes.

Rowe voted to increase the gas tax to one of the highest in the nation,

and voted to increase the tax on food.

Jim Rowe, money and travel for him, higher taxes for you. [PFB: West Virginia Consumers for Justice]
