[Announcer]: Out-of-state corporate bosses are spending millions supporting

Brent Benjamin. The head of one company, convicted of contaminating

West Virginia's drinking water is spending almost \$2 million dollars to

support Benjamin after having eliminated the jobs and

health insurance benefits of hundreds of West Virginia families.

Who really is Brent Benjamin? A man out-of-state corporate bosses

want on our Supreme Court; believing he will rule for them and against the

workers of West Virginia. [PFB]: West Virginia Consumers for Justice.
