[Announcer]: Like sharks in a feeding frenzy, predatory trial lawyers have made Illinois

one of the worst states in the country for lawsuit abuse.

Personal injury lawyers are driving doctors out of state. Businesses are

afraid to bring jobs to Illinois because our courts are out of control,

and lawsuits cost an average family over \$3,000 a year.

Our courts are in crisis and it's time for a change,

because sharks in fancy suits are getting rich at our expense. [PFB: Illinois State Chamber of Commerce]
