[Greg Guidry]: "Louisiana's rising, our ethics laws are stronger, our

governor is tougher and our supreme court will be better. As judge,

I use law as a tool to tame those who have no respect for property

or life. I don't tolerate frivolous law suits that mock justice.

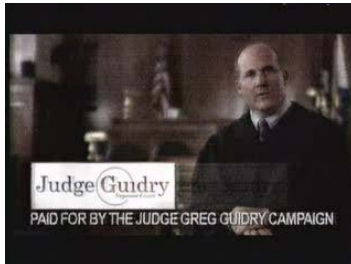

I interpret law only as it was written. Now, as the balance of

the supreme court rests on this election, I will be the conservative,

conscientious judge that we need for a stronger and safer Louisiana."
