[Greg Guidry]: "Political campaigns bring out strange characters."

And if the stakes weren't so high, it might be funny. But this

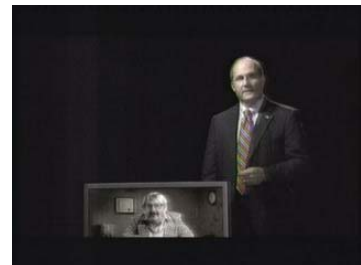

is our time for a strong Supreme Court. My committee has never accepted

inappropriate contributions. I would not allow it. I'm the former federal

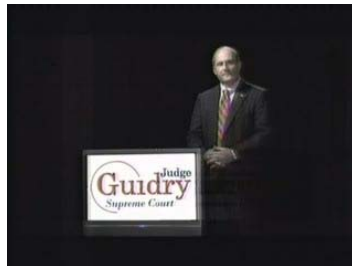

prosecutor who prosecuted dozens of high-profile corruption cases. My opponent's

trial lawyer friends are threatened, so it's not out of character for them to attack my good character. Louisiana's

rising, and we're not laughing at old style politics anymore." [Announcer]: Judge Greg Guidry.
