[Jimmy Kuhn]: "Greg Guidry desperately wants to be a supreme court justice. Special interests

are paying for attacks on me. What has he promised them in

return? Their outright lies violate the code of

judicial conduct. Greg Guidry has an agenda - an agenda that

scare judges and lawyers who are concerned about protecting

the honor and integrity of the supreme court. You should be

scared too. I'm their target, but we are all Greg Guidry's victims."
