At that meeting, committee chairs made available to committee members information regarding 2010 Census population by county, the method of calculating ideal House and

Senate districts for population purposes, maps submitted by Common Cause for House and Senate plans, maps that reflected the county grouping formula that Common Cause used, and the opportunities that would be available for public comment on proposed redistricting plans to be considered by the committee. No votes were taken at the meeting.

On August 4, 2017, the Senate Redistricting Committee and the House Select Committee on Redistricting met jointly to discuss potential criteria to be used by the committees in drawing new House and Senate districts. The meeting included a period of public comment. Sen. Smith-Ingram proposed a list of criteria for the committees to consider. Additionally, information regarding ideal county groupings for House and Senate maps were made available to committee members as well as comparisons of the groupings used in 2011 with those proposed in 2017 for both House and Senate plans. Finally, the committees approved a policy for sharing and posting information on the General Assembly website as well as policies for access to General Assembly staff and computer terminals for the purpose of drawing districts.
