## Presidential Advisory Commission on Election Integrity

---

July 26, 2017

Office of the Secretary of State of Vermont  
The Honorable Jim Condos, Secretary of State  
128 State Street  
Montpelier, VT 05633

Dear Secretary Condos,

In my capacity as Vice Chair of the Presidential Advisory Commission on Election Integrity, I wrote to you on June 28, 2017, to request publicly available voter registration records. On July 10, 2017, the Commission staff requested that you delay submitting any records until the U.S. District Court for the District of Columbia ruled on a motion from the Electronic Privacy Information Center that sought to prevent the Commission from receiving the records. On July 24, 2017, the court denied that motion. In light of that decision in the Commission's favor, I write to renew the June 28 request, as well as to answer questions some States raised about the request's scope and the Commission's intent regarding its use of the registration records. I appreciate the cooperation of chief election officials from more than 30 States who have already responded to the June 28 request and either agreed to provide these publicly available records, or are currently evaluating what specific records they may provide in accordance with their State laws.

Like you, I serve as the chief election official of my State. And like you, ensuring the privacy and security of any non-public voter information is a high priority. My June 28 letter only requested information that is already available to the public under the laws of your State, which is information that States regularly provide to political candidates, journalists, and other interested members of the public. As you know, federal law requires the States to maintain certain voter registration information and make it available to the public pursuant to the National Voter Registration Act (NVRA) and the Help America Vote Act (HAVA). The Commission recognizes that State laws differ regarding what specific voter registration information is publicly available.

I want to assure you that the Commission will not publicly release any personally identifiable information regarding any individual voter or any group of voters from the voter registration records you submit. Individuals' voter registration records will be kept confidential and secure throughout the duration of the Commission's existence. Once the Commission's analysis is

complete, the Commission will dispose of the data as permitted by federal law. The only information that will be made public are statistical conclusions drawn from the data, other general observations that may be drawn from the data, and any correspondence that you may send to the Commission in response to the narrative questions enumerated in the June 28 letter. Let me be clear, the Commission will not release any personally identifiable information from voter registration records to the public.

In addition, to address issues raised in recent litigation regarding the data transfer portal, the Commission is offering a new tool for you to transmit data directly to the White House computer system. To securely submit your State's data, please have a member of your staff contact Ron Williams on the Commission's staff at [ElectionIntegrityStaff@ovp.eop.gov](mailto:ElectionIntegrityStaff@ovp.eop.gov) and provide his or her contact information. Commission staff will then reach out to your point of contact to provide detailed instructions for submitting the data securely.

The Commission will approach all of its work without preconceived conclusions or prejudgments. The Members of this bipartisan Commission are interested in gathering facts and going where those facts lead. We take seriously the Commission's mission pursuant to Executive Order 13799 to identify those laws, rules, policies, activities, strategies, and practices that either enhance or undermine the integrity of elections processes. I look forward to working with you in the months ahead to advance those objectives.

Sincerely,
